## Victory Campaign Begins With Great Enthusiasm

### SUCCESS SEEN AT OPENING OF DRIVE

Liberty Loan Officials Say Prospects  
For Unqualified Success of Cam-  
paign are Good.

ANDERSON FIRST TO REPORT.

Sends Subscriptions Totalling \$2,550  
This Morning—Farmers Trust Co.  
Sells Quota Early.

Optimism was the keynote of bank-  
ers and workers alike when the  
Fifth Liberty loan campaign opened  
in Rush county this morning.

The high rate of interest offered  
and the desirability of the Victory  
bonds as an investment, together  
with the fact that this will be the  
last popular appeal for funds by the  
government, all combined to bring  
about a situation which presages un-  
qualified success at the very incep-  
tion of the drive.

No definite reports were forth-  
coming today, with the exception  
that the Farmers Trust company of  
this city had oversold its quota this  
morning at 8:45 o'clock and that  
subscriptions amounting to \$2,550  
had been made in Anderson town-  
ship.

T. M. Green, county sales direc-  
tor, received the first report from  
Anderson township by this morning's  
mail, which is the first official word  
of any bonds being sold. It is the  
case, however, that many thousands  
of dollars worth of bonds have been  
sold by banks without any effort on  
their part.

Rushville bankers who were in-  
terviewed this morning, declared  
that the prospects for success of the  
Victory loan were very encouraging.  
They reported pre-campaign volun-  
teer subscriptions in excess of those  
previous to former campaigns.

"I see no reason why the county  
quota on the Victory issue should  
not be sold at once", said one Rush-  
ville banker this morning. "A week  
ago I did not feel that way, but the  
attitude toward the campaign has  
changed materially and optimism  
over the outcome seems to prevail  
everywhere."

Bankers expect to dispose of a  
large percentage of their quotas by  
persuading depositors to convert  
certificates of indebtedness into  
Victory bonds. These government  
certificates, which were issued in  
anticipation of the Victory issue,  
mature during the late spring and  
early summer and pay four and one-  
half per cent. It is not difficult for  
holders of these to see that Victory  
bonds are a better investment be-  
cause they pay one-fourth of one  
per cent more interest and are ex-  
empt from local and state taxes  
and normal federal taxes. The 4 1/2  
bonds are about the only ones which  
will be sold here because, with a few  
exceptions, no taxpayer in the  
county has to pay any federal taxes  
except the normal income tax. The  
other notes of the fifth issue pay 3 1/2  
percent and are wholly tax exempt.

Rushville township canvassers  
have been soliciting subscriptions  
for several days and were requested  
to report to W. M. Sparks, township  
sales director, by tonight, so that  
it is probable, if instructions are fol-  
lowed, that the official total will be  
materially boosted tomorrow.

Three enthusiastic loan meetings  
were held in as many parts of the  
county yesterday. Miss Hazel Ben-

Hospital No. 32, and Douglas Mor-  
ris spoke at a meeting at Raleigh

Whippet Tank a Flivver;  
Fails To Show Up Today

The whippet tank is appar-  
ently a flivver. After one post-  
ponement the war machine,  
which is touring Indiana in the  
interest of the Victory Loan,  
was expected to be here today,  
but it apparently is lost in the  
wilderness of southern Indiana.  
A telephone inquiry to the state  
publicity department this morn-  
ing brought the laconic reply  
that its whereabouts were  
"unknown." Considerable dif-  
ficulty has been experienced  
with the tanks through breaks  
in traveling over country roads.  
Whether it will ever get here is  
not known.

### EXPRESS COMPLETE OPTIMISM TODAY

County Chairmen Send Notes of  
Confidence That Quota Would be  
Met on Victory Loan.

TERMS ARE MOST INVITING.

Short Time Feature of Loan is  
Another Phase of Issue That is  
Appealing to Investor.

(By United Press.)

Indianapolis, Ind., April 21—Victory  
loan headquarters expressed  
optimism over the prospects of the  
fifth government bond issue  
launched today. County chairmen of  
the sixty-eight counties—that part  
of Indiana in the seventh federal  
reserve district—have sent messages  
of confidence to the headquarters  
here that the quota would be met.  
Reports from southern Indiana in-  
dicate that the same optimism also  
exists in those counties.

Uncle Sam asks \$13,891,700 of  
southern counties and \$81,562,500  
of the remaining sixty-eight coun-  
ties, a total of \$94,454,200. This is  
about three-quarters of the total  
quota of the first loan. The terms  
of the loan are the most inviting yet  
offered by the government. County  
organizations throughout the state  
are in splendid condition, according  
to an announcement today from

### SEVEN COUNTIES IN INDIANA OVER TOP

Bartholomew First to Subscribe  
Loan Quota Without Aid of  
Banks or Organization.

HENRY AND FAYETTE IN LIST

(By United Press.)

Indianapolis, Ind., April 21.—  
Seven Hoosier counties have gone  
over the top early today in the Vic-  
tory Loan campaign, and official re-  
ports from Brown county state it to  
be the first to subscribe the full  
amount.

A telegram sent to William Wade,  
director of sales of Indiana, to Lew-  
is Franklin, director of war loan  
organization of Indiana, stated that  
this is the first state to have reported  
any counties to go over.

Bartholomew county was the first  
to subscribe its quota without the  
aid of banks or other organizations.  
The quota was \$675,000. The other  
six counties are Steuben, \$356,000;  
Morgan, \$394,000; Union, \$300,000;  
Wells, \$705,000; Fayette, \$562,000;  
Henry, \$862,000.

### THIS MORNING NEW ARMY TAKES FIELD

One Million Victory Loan Workers  
Begin Collection of The Price of  
Peace.

LAST POPULAR CAMPAIGN.

Every Member of Army Will be  
Awarded Medals Which Come  
From the West Front.

(By United Press.)

Washington, April 21.—This  
morning's sun saw a new army take  
the field. One million strong, they  
rose and went into the highways and  
byways of the nation. They began  
collecting funds with which to pay  
the price of peace.

In its fifth call for funds, the na-  
tion asks its citizens to buy its  
notes totalling \$4,500,000,000 sec-  
ond to the largest loan in her his-  
tory.

But this issue of government se-  
curities differs from all others. In-  
stead of bonds maturing in 20 years,  
this great new army will offer gov-  
ernment notes maturing in four  
years. And the interest rate is the  
highest ever authorized, 4 1/2 per cent  
being paid.

New privileges are accorded pur-  
chasers of the government's issue  
of securities. It is regarded by  
many financiers as the best the gov-  
ernment has sold in its gigantic  
scheme of paying its way, in war-  
time and after. The short term  
which the notes run make them at-  
tractive, they say. Then, in four  
years, the United States Treasury  
will pay you for it. And after all,  
four years is only a short while to  
wait and you may have a lucrative  
proposition into which you can  
turn your money when it is paid  
back to you, the financiers argue.

With all of the added features, re-  
garded as making the new govern-  
ment loan attractive, the "Army of  
One Million" won't have an easy  
time in selling its quota. Treasury  
officials are convinced. They have  
instructed the commanders of the  
army to be on the job every waking  
minute of the three weeks through  
which the campaign is to run. They  
have told them this is the last pop-  
ular campaign.

"Let's go! let's make it good," the  
privates in the army have been told.

When the war began, official fig-  
ures compiled from many sources  
placed the number of bondholders of  
every kind in the United States at  
31,700. After the Fourth Liberty  
Loan campaign, Treasury statistics  
revealed that the number of owners  
of government bonds alone was 31,-  
878,596. And they are still coming  
in. Regulations governing the hand-  
ling of bonds by banks on install-  
ment payments does not provide for  
turning in full number of subscrib-  
ers. As the bonds are absorbed,  
however, full credit is given. So  
with this constant stream of figures  
coming in, the loans and currency  
division of the Treasury estimates  
the final number of Fourth Liberty  
Bond buyers will exceed 35,000,000.

In the matter of educating Amer-  
icans to buy bonds, statistics of the  
Treasury give the best evidence of  
results attained. Only 7,521,171  
persons bought bonds in the first  
campaign. In the second loan, those  
figures were nearly doubled, the final  
total reaching 14,930,918. Again, in  
the Third campaign, an amazing in-  
crease was shown, 24,295,957 per-  
sons subscribing for government  
bonds. The increase in the Fourth  
Liberty Loan, therefore, was more

### MUST GIVE NAME BY PHONE

Person Sending in Fire Alarm Can  
Thus Save Delay.

The first false fire alarm that has  
been sent in for some time was tele-  
phoned to the fire station Saturday  
shortly after one o'clock, which re-  
sulted in the department making a  
run to the west part of the city. The  
person making the call did not state  
his name and no way of finding the  
guilty person is known, but the fire  
department has been instructed  
that hereafter no call will be an-  
swered over the telephone until the  
one sending in the call gives his or  
her name. Anyone reporting a fire  
by telephone can save delay on the  
part of the department if they state  
their name first and then tell the lo-  
cation of the fire.

### TO BUY TRUCK FOR ROAD MAINTENANCE

County Commissioners Advertise for  
Bids to be Received up to 2 P. M.  
on May 5.

ACTION ON ROAD PETITIONS.

The county commissioners, late  
Saturday afternoon before adjourn-  
ing, instructed the county auditor  
to advertise for bids for a motor  
truck, with a capacity of from 3 to  
5 tons, to be used in the mainten-  
ance of roads of the county. A few  
other counties have already adopted  
the truck as a means of cutting  
down road repair costs which have  
been mounting on account of high  
freight rates. Bids will be received  
up until 2 p. m., Monday, May 5.

The commissioners, who will act  
as viewers on the nine roads peti-  
tioned for under the county unit law,  
which were considered Saturday  
afternoon, approved all of the preli-  
minary steps taken and will report  
on or before May 15. All of the peti-  
tions are for permanent highways,  
except the Havens road. The others  
are the Offutt, Buell, McKee, Cavitt,  
McCorkle, Sharp, Scott and Moffett  
highways.

The commissioners also ordered  
the following contractors to proceed  
with construction of roads which  
have not been completed: W. C.  
Reinheimer, T. L. Behr and Robert  
Holt, roads; Ed. G. Grant, Frank  
Capp road; Harry Colter, Ora Logan  
road. Willard Amos and Herbert  
Atkins were named viewers for the  
North Reddick road.

### HARRY KRAMER IS PINNED UNDER CAR

Machine Turns Turtle on Cement  
Road South of City and he is  
Released by Passerby

HIS DOG'S EAR IS CUT OFF.

Harry Kramer was pinned under  
his closed car when it turned turtle  
on the cement road a short distance  
south of Rushville Saturday after-  
noon, and could not get up until an-  
other machine came by and he was  
released.

Mr. Kramer miraculously escaped  
serious injury, or possibly death. He  
suffered a severe shock and a few  
bruises, in addition to a long cut over  
his right eye. The blow which in-  
flicted the cut also injured his eye.

A dog riding with Mr. Kramer was  
hurt, one of its ears being cut off.  
The pool of blood in the road caused  
by the dog bleeding led the belief  
that some person had been killed in  
the accident. The gasoline tank was  
punctured and the contents ran on  
to Mr. Kramer as he lay under the  
machine.

### GERMAN CABINET OPENLY DEFIANT

Reported to Have Decided Not to  
Accept Peace Terms Without  
Learning Contents First.

WOULD WRECK PEACE PLANS

Big Four Meets Today to Thresh Out  
Italy's Claims With President  
Wilson Absent.

(By United Press.)

Paris, April 21.—The Big Four  
met today to thresh out Italy's ter-  
ritorial claims with President Wil-  
son absent.

The president withdrew from the  
meeting as the result of Italy's bas-  
ing her demands on the pact of Lon-  
don which was consummated before  
America entered the war, and which  
America regards as nullified along  
with all other secret treaties.

Berlin, April 21.—The German  
government was reported today to  
have decided not to accept the  
peace terms without waiting to learn  
what they contain.

Both the cabinet and foreign office  
are openly defiant. Radicals are de-  
manding acceptance of any terms  
submitted by the allies but it was  
finally decided to settle it with the  
assembly and not with a plebiscite.

The general opinion prevailed to-  
day that the government has delib-  
erately misinterpreted the allied  
invitation to Versailles, hoping to  
provoke a crisis that will enable  
them to blame the allies if the cabi-  
net is overthrown by the radicals.

The German peace delegates are  
going to Paris confidently expecting  
to wreck the allied peace machine.  
This is plainly evident from state-  
ments in the Berlin press as well as  
the attitude of the foreign office.

The delegates expect to leave for  
Paris Tuesday. Some reports have  
been circulated that the government  
may hold a plebiscite to decide  
whether allied terms will be accept-  
ed.

The Germans plan to employ the  
same tactics which brought America  
into the war two years ago.

According to German figures, the  
allies will not and cannot proceed  
effectively if the German represen-  
tatives balk.

It has been reported that the Ger-  
mans plan to tear up the peace  
terms and refuse to sign them and  
then they will make a counter peace  
offer, according to German ideas,  
and threaten to turn Germany over  
to the Bolsheviks.

The foreign office plans to frighten  
the allies into believing Germany will  
pay no indemnities if the Bolsheviks  
get control of the country. It is  
merely a bluff because the foreign  
office absolutely has nothing to do  
in regard to the Bolsheviks in Germany.

The radicals, according to infor-  
mation here, probably would overthrow  
the government in case of a refusal  
to sign the peace treaty and are  
looking forward to early May, an-  
ticipating that it will probably en-  
able them to win control.

### TO TELL CHAPLAIN'S STORY

Dr. Thomas R. White Speaks Here  
Wednesday Afternoon.

Dr. Thomas R. White, former  
Presbyterian minister who served  
in France for many months as a Red  
Cross Chaplain, will speak at the  
Graham high school building audi-  
torium Wednesday afternoon at 3:15  
o'clock on the theme, "A Chaplain's  
Story of the Battle Front", as a part  
of the city teachers institute pro-  
gram. School patrons and others  
are invited to hear him. Following  
the address the institute will be  
held. Dr. White has spoken in  
Rushville and is well known here,  
and it is expected that he will have  
a large audience.

### BOOZE RUNNER IS TO BE TRIED HERE

Frank Lentz, Who Abandoned Car  
Containing \$250 Worth of Whis-  
key March 27, is Arrested.

IS HELD IN INDIANAPOLIS.

Chief of Police Seward Bringing Him  
for Trial Tonight—Repeated At-  
tempts to Get Car.

The local police were informed  
this morning by wire that Frank  
Lentz, who abandoned his machine  
near this city on the evening of  
March 27, was under arrest in In-  
dianapolis and Chief of Police Sew-  
ard left shortly before noon to bring  
him here to stand trial. He will ar-  
rive here late this afternoon and in  
case Mr. Lentz has any reason not  
to stand trial at once, he will be  
tried in mayor's court as soon as he  
reaches Rushville.

On the evening of March 27, Lentz  
was driving a Ford machine  
through here, and at the corner of  
Main and Second streets, ran into  
the rear end of Pinnell-Tompkins'  
lumber truck, damaging his machine  
to such an extent that he was forced  
to leave it near the Carr farm west  
of the city. Upon examination of  
the machine it developed that the  
car contained 96 quarts of whiskey  
and twelve quarts of beer. The  
wholesale value of the whiskey  
which was packed in eight grain  
sacks, was estimated to be \$250.

An attempt was made the follow-  
ing evening to obtain the car by a  
certain Mr. Wright of Indianapolis,  
who said that the car had been stol-  
en from him a few days before and  
that a friend in this city had wired  
him that the machine was being held  
here. Prosecutor Stevens was talking  
to the alleged Mr. Wright and after an  
investigation, it was disclosed that  
no one from here had sent a message  
to Mr. Wright. Mr. Stevens went to  
Indianapolis the next morning to  
meet the supposed Mr. Wright but he  
never showed up and it was thought  
he was the man who drove the ma-  
chine.

On April 8, the firm of Olin and  
Wilmeth of Indianapolis made an  
attempt to get the car, alleging that  
they had a chattel mortgage on it,

### MAIL CARRIER'S CAR BURNS IN HIS GARAGE

James Moore Suffers \$800 Loss  
When Building Burns at His  
Home Sunday Morning.

HINT OF INCENDIARY ORIGIN

The fire department made a run  
to East Eleventh street Sunday  
morning at 3:55 in response to a  
call by telephone. The property  
was occupied by James Moore, a  
rural mail carrier, the garage in  
which he kept his machine was  
burned to the ground and the ma-  
chine completely destroyed. The  
property belongs to Clifford Jarrett  
of Raleigh. No insurance was car-  
ried on the garage or machine, mak-  
ing the loss about \$800. The dwell-  
ing was damaged slightly but that  
loss is covered by insurance. The  
cause of the fire is unknown.

Some persons were inclined to be-  
lieve today that the blaze might  
have been of incendiary origin, be-  
cause it can not be accounted for in  
any other way and for the addition-  
al reason that an out building ad-  
joining Moore's garage, on property  
where Walter Barringer lives, caught  
fire under mysterious circumstances  
one night about two weeks ago.  
Moore's garage caught fire then and  
was damage to the extent of \$15.

## All Choked Up With Catarrh? Why Continue Make-shift Treatment?

Prays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

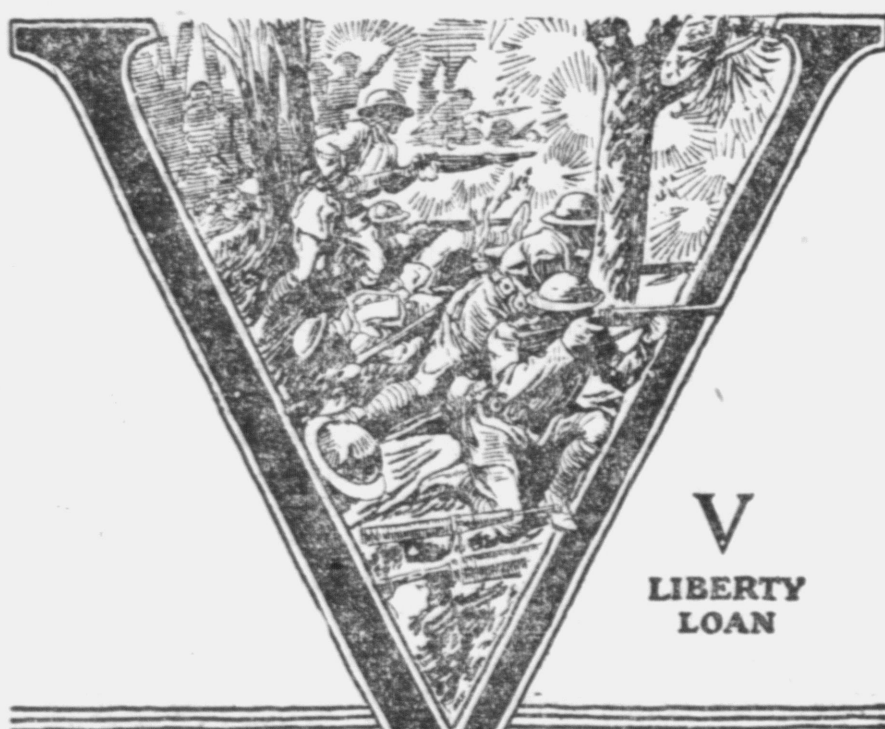

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.

## Days Pickings

There will be degree work in the J. O. U. A. M. tomorrow evening at 7:30 o'clock. All members are urged to be present.

Mrs. Joseph Tracey, who was operated on at Sexton's hospital last Thursday for a tumor, is reported as improving nicely.

A son has been born to the wife of Miller Hamilton of Washington, D. C. The baby has been named James Miller. Mrs. Hamilton was formerly Miss Erema Wilk of this city.

Frank J. Hall, who is spending a few days with his sister Mrs. Delia Miles north of the city is reported as improving nicely after a recent illness, having gone there to recuperate.

Jesse Scott, of Connersville, but formerly of this county has accepted a position with the local Fire Department. Mr. Scott fills the vacancy caused by the resignation of Henry Gregg a few days ago.

Marriage licenses have been issued to Miss Hazel Marie Warfield, daughter of Mrs. Jacob Warfield of Shelby county, and John P. Davis, son of Mr. and Mrs. Charles Davis; and to Mrs. Hazel Marie May and Chase Pea, both of this city.

The remains of the small child of Mrs. Essie Cassidy, niece of James Cassidy of this city, will be brought to Rushville tomorrow from Cleveland, O., where death occurred, and taken to Goddard cemetery for burial.

Word has been received here to the effect that Ralph Morris, now overseas, will be returned to this country as soon as possible. He is suffering from the acute bronchitis, and will receive treatment in this country.

## SERVICES WELL ATTENDED

The special Easter services of the Templar at the Main Street Christian church here and at the Milroy Christian church enjoyed large audiences. Fifty-five members of the local commander were present for the morning service and forty-three motored to Milroy to hear the sermon there by the Rev. W. R. Cady. The sermon by the Rev. Mr. Cady, as well as the one delivered by the Rev. L. E. Brown, were deeply appreciated by the knights, who this year departed from their usual custom of attending one Easter service and accepted two invitations.

## HARD ON SHOES? THEN READ THIS

"I marched through the mud of Flanders, through a large part of the Lorraine sectors, and lastly from Chateau Thierry to Fismes, and my shoes with Neolin Soles are still in good condition. For five months I alternated these shoes with two other pairs, which are now worn out, but the Neolin Soles look as if they had another five good months of wear left in them." Written by Lieut. Edgerly Austin, American Expeditionary Forces, France—October 17th, 1918.

This is exceptional service, all army men will agree. Civilians rarely give their shoes usage such as this; but if they are hard on shoes, and want to cut their shoe bills down, let them try Neolin-soled shoes. These shoes are obtainable at most shoe stores, in many good styles for men, women and children.

Or have your old shoes re-bottomed with Neolin Soles. You will find these scientifically made soles are comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Three Million Dollars

For a Phonograph

Can you imagine a phonograph that costs three million dollars? MR. EDISON worked for many years and spent more than three million dollars in research work to develop a single model—THE NEW EDISON. If he had stopped and offered this one instrument for sale together with his patents and the secrets of his research work \$3,000,000.00 would be the price that many capitalists would gladly pay for it. But MR. EDISON did not do that. Instead he said "Here it is Boys," this is what I get the true results with, follow them and make replicas of this model at the lowest possible cost, but don't sacrifice the quality.

#### "Own Your Own Home"

"Own your own home" is the slogan nowadays and a good one too. Why don't you do it?

Don't think that you require a very large bank account to do it. If you have enough to make a reasonable first payment on a suitable small place, and cannot make satisfactory arrangements with the present owner, go and have a heart to heart talk with your banker about it. Even if he can't do it himself, he probably knows of somebody who would be glad to invest in a little place and sell it on the easy payment plan. Such an investment, with the certainty of getting his principal gradually back with interest, would appeal to many men. We are taking it for granted that your credit is good; if it is you are the man we are talking to.

Now we will suppose that the preliminaries are over and that you are settled in your own home. You are a householder now, with a feeling of pride and responsibility. You plant ornamental shrubbery where and when you wish. You make your little garden. You potter about in

your spare hours, and improve or repair your house. Whatever you do enhance values or at least keeps them up.

There is no necessity of asking any one whether you may or may not do this or that. You have the independent and contented feeling of a man who has really a stake on the face of the earth.

And your children—they will have something more than a temporary abode—a real home. It will be a home that they can look back to with remembered happiness. Moving from one place to another does not tend to building up character. A settled home with all its accessories does.

Convinced? Then go and look up your home.

The most disconsolate person we ever saw was a rag doll who had been set by a small owner upon a nest of Easter eggs with instructions to hatch them. She looked straight before her with utterly hopeless expression of one sentenced to perform the impossible.

When our boys now fighting in Archangel get home they will probably have permanently lost their taste for ice cream. Their girls had better begin at once to cultivate a fondness for hot chocolate.

President Wilson is said to be watching affairs in the United States very closely. Let us congratulate the president upon his excellent eyesight.

"Out of the mud" would be a good motto for the new federal highway commission, and would be especially appreciated by all soldiers who recall the muddy mud of France.

Continued obscurity and fear would be the worst punishment that William Hohenzollern could endure.

### Digest of New Indiana Laws

By Charles Kettleborough.

**TRANSPORTATION OF SCHOOL CHILDREN**—The law of 1917 concerning the transportation of school children was amended to provide that trustees must furnish transportation for pupils who belong to schools which have been abandoned within the last 10 years or which may hereafter be abandoned and in cases here pupils live more than 2 miles from the school to which they are assigned. Trustees are also given discretion to furnish transportation to other pupils if the conditions warrant such transportation. If pupils live 1 mile nearer a school in an adjoining township of county the trustee, on application of the parent or guardian, is required to issue a transfer to the nearer school. The age of drivers of school hacks was changed from 21 to 18 years.

### Library Notes

(By MARY SLEETH, Librarian)

#### Salesmanship.

Knowledge of human nature learned by personal observation and experience helps to make a good salesman. Books are also guides to character and enable us to observe keenly.

In books successful business have pointed the road to greater efficiency.

One practical guide is Taylor's "What a Salesman Should Know", which deals with traveling salesmanship.

"Retail Selling and Store Management", by Neystorm, tells how to manage a store, how to size up a customer and how to sell goods.

Marketing methods, personal salesmanship, and training people to sell more goods are described in Fowler's "How to Sell".

Moody's "Men Who Sell Things" is a popular book of personal observations and experiences written by a man who for twenty years was a traveling salesman. European buyer, salesmanager and employer. He says, "What the world of salesmanship wants is educated enthusiasm". His book and other on the subject contribute toward the education advocated.

Ask for these books and for others on any line of work that interests you at your Public Library. Library service is free.

## MANY MUNCIE PEOPLE CAUGHT IN LAND DEAL

Federal Authorities Believe Others Will be Found Who Were Victims of Swindle.

### CASE OF CLEVELAND, O. MAN.

(By United Press.)

Indianapolis, Ind., April 21.—Federal authorities are led to believe that other residents of Muncie were caught in the alleged fake land deal and betting ring, uncovered in that city a few days ago in the arrest of seven men.

One man, of Cleveland, Ohio, told the police that he was swindled out of about \$10,000 and returning to his home in Cleveland, swore out warrants for the arrest of these men. That was two months ago, he added, and the warrants have never been acted upon by A. McIlvane, chief of the Muncie police, to whom they were sent.

"There's the man that got my \$3,000", the Cleveland man said, pointing to Chauncey Stillson, proprietor of the Grand hotel in Muncie.

### Amusements

Lila Lee at Princess

One of the dramatic scenes in "The Secret Garden", Lila's Lees new paramount picture which is being shown at the Princess theatre tonight, shows the little star up to her neck in mire. The scene occurs when Mary Lennox, the little heroine, played by Miss Lee, tries to cross a bog and becomes stuck in mud. Miss Lee went through the scene without a quail, in fact, she said she rather enjoyed it. To an early fondness for making mud pies, which was never completely satisfied, she attributes her fearlessness in entertaining the mire.

"You see", said Lila, "I loved to play in the mud several years ago and I don't think I ever entirely recovered from that longing. But my parents used to employ drastic methods to take the desire out of me. Their method generally consisted in the accurate manipulating of a hairbrush or a strap in my immediate vicinity."

Tomorrow "Out of the Shadow", featuring Pauline Frederick in the role of Ruth Minchin, will be shown.

### AT TWO EASTER SERVICES

Twenty New Members Added to U. B. Church Easter Sunday.

Easter services at the Court house where the United Brethren church people meet was well attended. The sermon theme at 10:30 was, "A Risen Christ". "The Dawn of a Wonderful Day", was the theme for the evening service. This was given in splendid way by the Junior choir, with Claude Crider as leader and Mrs. Earl Crider as organist. The program given was highly praised. Twenty united with the church during the day and eight were baptised at the close of the morning service.

### FALLS SICK ON WAY HOME ON FURLOUGH

Clarence Myers, one of County's War Heroes, Expects to Reach Rushville in Few Days.

NOW ILL IN CONNERSVILLE.

Clarence Myers, one of Rush county's war heroes, is in Connersville suffering from a relapse of the pneumonia, according to the word received here this morning from Charles Harton of Milroy. Mr. and Mrs. Harton paid Private Myers a visit yesterday in Connersville, where he was taken sick while on a short furlough from the base hospital at Quantico, Va. They report that he is not suffering from the pneumonia here, but he has not fully recovered from the former attack and that he thinks he will be able to visit here before he returns to camp.

Private Myers recently returned from France where he saw several months active service. While in service there he was gassed and also wounded in the hip by a machine gun bullet. He enlisted in the Marines early in 1917 and served in that famous First company of Marines who covered themselves with glory by stopping the Germans the first few months of fighting in which the American Marines took part. Myers is well known in this county, having clerked in the William G. Mulno clothing store previous to his enlistment. The fact that he is this near home and is not able to pay his many friends a visit at once seems rather unlucky, but he is sure of getting here after a short time and enjoying the welcome that will be given him.

### M. E. SUNDAY SCHOOL PASSES ITS QUOTA

Raises \$1,071 in Cash as Easter Service as Share of Centenary Mission Work

EXCELLENT ENTERTAINMENT

At the entertainment given last evening by the Sunday School of the St. Paul's M. E. church a cash offering of \$1,071 was given by the classes of the school to go directly toward Missions. The offering represented the giving of about 225 people which is the average attendance of the school. It will go through the work of the Centenary of the church to the work of Missions. The Sunday Schools of Methodism have pledged one eighth of the Centenary pledge for the entire church. The allotment locally would have been \$656.00 and last night's offering resulted in the local school far "over the top".

Preceding the taking of the collection, the annual Easter entertainment was given by the children of the school. In the excellent program were featured a number of readings, musical numbers and exercises appropriate to the season. Miss Alleine Budd acted as chairman of the committee in charge of the entertainment. For the occasion, the church was prettily decorated with banks of spring flowers. The church was well filled with an appreciative audience for the entertainment.

### What Is Economy?

Progressive farmers insist on our Buckeye or Michigan wire fence. They know that these fences combine the two essential points of a good buy.

First—Their quality is unexcelled. Either the straight stay or hinge lock can be had in an exceptionally durable fence. Second — The price is very reasonable. Our fence is being sold at an unusually low rate now. Don't fail to come and see our large assortment before you buy.

## HAS COME BACK

After being off the market for the past twenty months due to the fact that the draft blew in and put it on the bum, the famous old Country Club Cigar has come back and I wish to assure its old friends that the same high standard of quality will prevail and they will always find it to be the same good cigar every day in the year. Those who have never tried one, give it a play. It's a safe bet you will be satisfied because it has that cool, delicious and all-tobacco flavor and aroma that is sure to please the most particular smoker. Can be had again at all dealers at a very moderate advance in price.

but Chief of Police Seward refused to turn it over to them. Another attempt was also made Friday to obtain the car but again it was refused to the parties that claimed it. When Chief of Police Seward returns this afternoon with Mr. Lentz, it is thought that the whole affair will be cleared up in a very short time.

### SUCCESS SEEN AT OPENING OF DRIVE.

Continued from Page One  
town hall at 1:30. Miss Bennett also recited her experiences at the Jackson township meeting at Osborn school house at three o'clock. Miss Anna L. Bohannon was also a speaker at that meeting.

Judge Will M. Sparks delivered a Victory loan address at the Manilla Christian church in the afternoon at 2 o'clock, which was the feature of a union all-day meeting at that church. A basket dinner was served at noon.

"See your banker or your solicitor," was the admonition of county officials of the campaign today. They are anxious to close up the campaign as soon as possible and urge that people who expect to subscribe, not wait until they are visited by a canvasser. It was pointed out that credit for subscriptions will be given to the solicitor entitled to them, regardless of whether they are given direct to him or through a bank.

The practical certainty that Victory bonds will soon go above par and the high rate of interest make

them the best investment on earth, not taking into consideration the soundness of the investment or the patriotic impulse which should cause people to loan their money to the government. The government plan of payment, which is the most liberal ever offered in a bond campaign, is appealing to the small investors, and is as follows:

Ten percent with application, ten percent July 15, twenty percent on August 12, September 9, October 7 and November 11.

### THIS MORNING NEW ARMY TAKES FIELD.

Continued from Page One  
than 7,000,000 over the previous drive.

Since officials say this is the last great drive, the last concerted effort to float a government loan, every member of the army will be rewarded. They will be given medals, medals which come from the West Front. They were melted from captured German cannon, the same cannon which sent so many of the nation's sons "West". Each volunteer worker will get one. Frank R. Wilson, director of war loan publicity has planned.

With the completion of this loan, the government's interest bearing debt will total approximately \$29,000,000,000 dollars. Of this \$22,885,000,000 is directly traceable to the costs of beating down German autocracy.

The treasury has started buying back some of its earlier issues. Whenever possible, the Treasury Department through the war Finance Corporation went into the open market to buy Liberty Bonds. This was done for two reasons, officials explain: It served as stabilizing measure for the market quotations of the Liberty Bonds and worked as a re-funding arrangement which will go on and on until, when the last bonds mature in 1947, the government will have a sizeable amount of them already in its own hands.

### EXPRESS COMPLETE OPTIMISM TODAY.

Continued from Page One  
state headquarters here. This applies equally to the women's organizations under the leadership of Alice Foster McCulloch of Fort Wayne, chairman of the woman's liberty loan committee for Indiana.

The men's and women's organizations have been merged and are co-operating in all counties.

Basic agricultural conditions throughout Indiana are such that optimism is apparent in rural communities. The business readjustment in the state following the signing of the armistice has gone forward so steadily and smoothly that prophecies are numerous that the business man generally will excel even his record of former loans. Unemployment is so little apparent that labor again will take its full share of the last Liberty issue, according to reports from the large industrial centers.

Banking conditions apparently are more safely grounded than at any time during the war period. Total resources of the banks in the sixty-eight northern counties show an increase over the period just preceding the fourth loan that is more

than sufficient to account for Indiana's entire quota for the Victory bonds.

The short time feature of the Victory loan is another phase of this issue that is appealing to the investor. Many counties plan to sell their total quota of bonds today and hope was expressed at state headquarters that much of the heavy campaigning for the loan will be done during the first week.

THE man or woman afflicted with backache, swollen muscles, stiff joints, rheumatic pains or other symptom of kidney trouble is entitled to sympathy and should have help.

Nature gives early warning of kidney trouble by puffiness under eyes, spots before the eyes, dry mouth, biliousness, weakness and pale, waxy, dry skin.

It is unwise to neglect the slightest symptom of kidney trouble. Give the kidneys the help they are calling for.

## JUDGE ANDERSON IS BUSY THIS WEEK

Trials in District Court Will be Given for Fifty-five Men That are Slated.

### TRIALS OF THIRTY TOMORROW.

Men Charging With Failing to Register and With Helping White Slavers Will be Heard Later

Indianapolis, Ind., April 21.—Eighty-five alleged violators of the federal dry laws were to be haled before Judge A. B. Anderson in the United States district court here during this week. The trials started today with fifty-five names on the docket. Thirty were slated for tomorrow. But it was expected that the trials would occupy the entire week.

These cases cover the transportation of or conspiracy to transport liquor from another state into Indiana. They were segregated from many other persons indicted recently on various charges for conducting

illicit stills. It is planned to dispose of the minor or routine cases during this week and take up the others beginning next Monday.

Men charged with failing to register for the draft and other charges with embezzlement or conducting white slave traffic will be heard next week.

Those cases which were on the docket for today and tomorrow included:

April 21—Lloyd W. Clark, Thomas Brady and William Keplern. Terre Haute: Eddie Simpson, John J. Smith, George R. ## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. 7-11 druggists.

## ONLY 3 STATES IN U.S. THRIFTIER THAN THIS

Springsteen Announces Indiana is Second in Seventh Federal Reserve District.

### IOWA IS IN FIRST PLACE

Indianapolis, Ind., April 21.—Only one state in the Seventh Federal Reserve District, and only three states in the United States are thriftier than Indiana, if sale of War Savings Stamps form an air criterion. Robert E. Springsteen, director of the Indiana War Savings Committee, has just received information from Washington to the effect that Indiana is second in the Seventh Federal Reserve District, and fourth in the United States in W. S. S. sales. Iowa is in first place in the District and the United States.

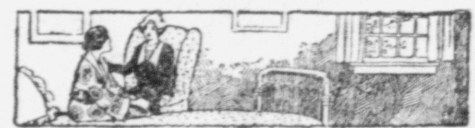

"Washington officials" says Mr. Springsteen, "were very much pleased with the showing of Indiana and Iowa, and of the central states generally. These states have done well in all the W. S. S. and Victory Loan campaigns. I predict that

Indiana will make her usual good showing in the coming victory campaign and in the sale of W. S. S. Our people are among the thriftees of the nation."

## A Woman's Story With Great Meaning

Subject of Childbirth Discussed by Women of Experience.

Women everywhere tell their friends how, through the use of Mother's Friend, the wonderful penetrating external application, they avoided suffering and distress before the advent of nature's most wonderful evolution.

Mother's Friend is a remedy which spreads its influence upon the cords, nerves and ligaments involved, rendering them pliant to readily yield to nature's demand for expansion. The nerves, cords, tendons and ligaments expand without that peculiar wrenching strain, and nervousness, nausea and unrestful sensations are naturally avoided when the nerves and muscles are relieved and thus are not tort and drawn. By regular use, the lower abdominal region expands with ease when baby is born, the hours are less at the crisis, and pain and danger is naturally less.

You can obtain Mother's Friend from any drug store. It has been used by women for over half a century, and is just as standard as anything you can think of.

Write the Bradford Regulator Company, Dept. H, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and get a bottle of Mother's Friend today, and thus fortify yourself against pain and discomfort.

AFTER CLOUDS COMES SUNSHINE.  
AFTER DESPONDENCY COMES JOY.  
AFTER SICKNESS COMES HEALTH.  
AFTER WEAKNESS COMES STRENGTH.

In the spring when you're "all in"—fagged out—blood thin, if you will turn to Nature's remedy, a tonic made from wild roots and barks, which has stood fifty years as the best spring tonic—you will find strength regained. You will tell you it's Dr. Pierce's Golden Medical Discovery, put up in tablet or liquid form, and sold by every druggist in the land. After a hard winter—shut up indoors, your blood needs a temperance tonic, a tissue-builder and blood-makers such as this "Medical Discovery" of Dr. Pierce's.

Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package. Greenbay, Wis.—"Dr. Pierce's Golden Medical Discovery is a splendid medicine. I have used it in my family for many years for coughs, colds and La Grippe. I have used it for these ailments, so have most of the members of my family, and it always gave perfect satisfaction, knowing what it has done for us I highly recommend it."—Mrs. Ed. Basche, 421 5th St.

### U. S. FARM TRACTORS TO BE SHIPPED SOON

Nearly \$1,000,000,000 Worth of American Tractor Going to Europe This Year

#### INCREASE CROP PRODUCTION

(By United Press.)

Washington, April 21.—Nearly \$100,000,000 worth of American farm tractors to be shipped abroad this year will:

Replace war caused man shortages in France and England.

Free peasant laborers for more schooling and socializing influences in the Balkans and Turkey.

Save camel and buffalo-power in Egypt, Mesopotamia, Greece and other tropical lands where horses are little used in agriculture.

Increase the crop production in nearly all countries of the world.

Approximately 90,000 American tractors will be sold for export this year, if last year's export rate is maintained. More than 314,000 tractors will be manufactured in the U. S. in 1919, according to estimate of the Agricultural Department.

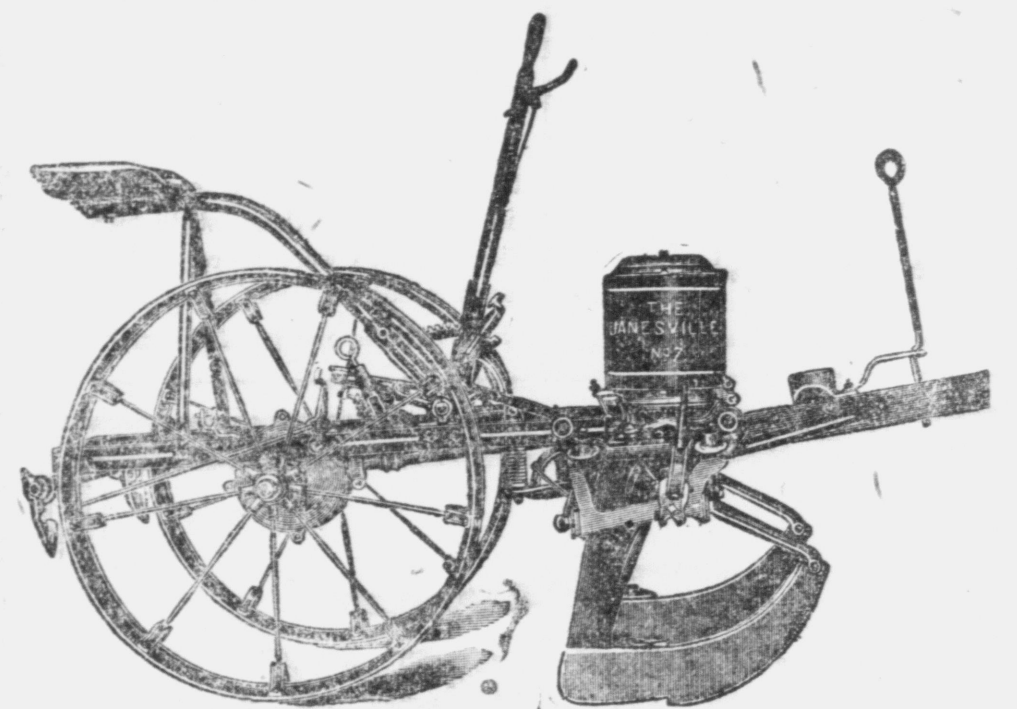

Together with 100,000 machines put in use on American farms last year, this will give one tractor for each 17 farms. It indicates a tremendous saving in manpower and horsepower on American farms, experts say.

### Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

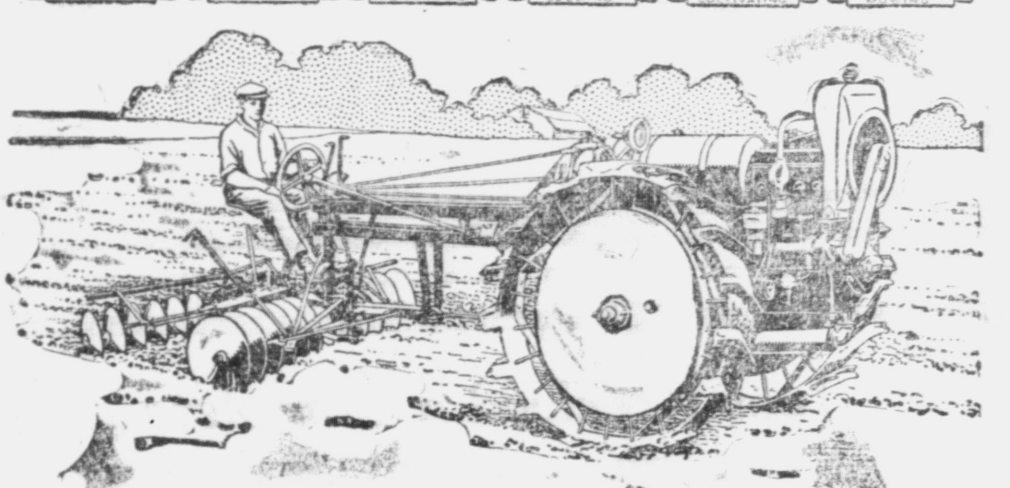

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Discs 27 Acres a Day with the New

**MOLINE**  
**UNIVERSAL TRACTOR**  
It Solves The Farm Help Problem

Discing is rapidly and economically done with the new Moline-Universal Tractor, Model D, one man with an 8-foot tandem disc harrow covering 27 acres in ten hours. With a 10-foot disc harrow he covers 38 acres, and with a 20-foot peg-tooth harrow 76 acres.

The light weight of the Moline-Universal Tractor, 3,380 pounds, makes it especially adapted for discing and similar work, as it does not pack the soil and uses but little fuel, running on less than half throttle most of the time. It is light, but more than enough power to pull two 14-inch plows at high speed, all its weight being traction weight.

The Moline-Universal Tractor attaches directly to the implement and forms a single, compact unit with it that is controlled by the operator from the seat of the implement, where he must sit to do good work. One man with the Moline-Universal does as good work as two men with the average tractor.

The Moline-Universal is adapted for all classes of farm work. Its high

clearance, 20 1/2 inches, makes it ideal for cultivating, and it is equally well fitted for planting and harvesting. In addition, it has ample power for belt work, pulling a 24-inch grain separator or 16-inch ensilage cutter with ease.

There is work on the farm every day in the year for the Moline-Universal Tractor. It will do every field operation that can be done with horses and do it better, faster, and cheaper. This is why the Moline-Universal really replaces horses, and, at the same time, by enabling one man to do much more work than ever before possible, solves the farm help problem.

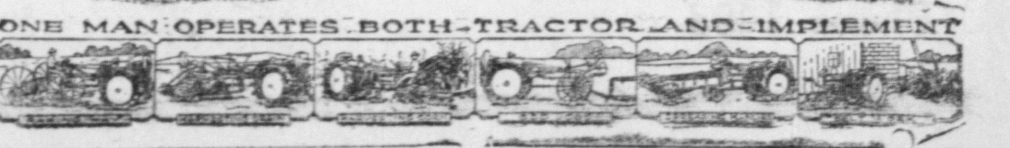

The detailed construction of the new Moline-Universal, Model D, is the best it is possible to manufacture. Perfected 4-cylinder overhead-valve engine, electric starting and lighting system, complete enclosure of all working parts, and fifteen Hyatt roller bearings, are a few of the main features.

We invite you to examine this machine at your earliest opportunity.

Garden Tools That Are Left On The Ground May Cause Injury to Someone

What may happen if a hoe or rake is left lying on the ground is shown in this picture. A rake with sharp teeth often bites through good shoe leather.

When the carpenter is through working he carefully cleans his tools and puts them away in a box because he wants them to be in good condition for work the next day. A hoe or spade left overnight in the garden is sure to be rusted and in poor condition for use.

Garden tools not in use should be

placed upright against the fence or house. At night they should be placed indoors.

TIGERS WIN GAME.

The Rushville Tigers defeated the Rushville Specials by the score of 12 to 5 in Belmont yesterday. The battery for the Tigers was composed of McCarty and Goodin, and for the Specials, Conley and Joyce performed. The Tigers will play at Morristown next Sunday, and wants games out of town. For games, write Howard Walker in care of the Republican office, Box 68.

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

## The Policy of The Standard Oil Company

(Indiana)

IT is the policy of the Standard Oil Company of Indiana to conduct its business in fairness to all: to the consumer, to the employee, to the stockholder and to the competitor.

To deal fairly with the consumer by manufacturing the best petroleum products, distributing them widely and selling them at lowest prices.

To deal fairly with the employee by giving him steady work, compensating him liberally, and as far as possible, insuring him against unemployment.

To deal fairly with the competitor by standing squarely on the broad, general principle of live and let live—by maintaining open prices and never deviating from them.

The Standard Oil Company knows that, by reason of its refining and distribution facilities, and the service it renders to customers, it has no need to disorganize the market to get its fair share of the business. That is all it expects and wants.

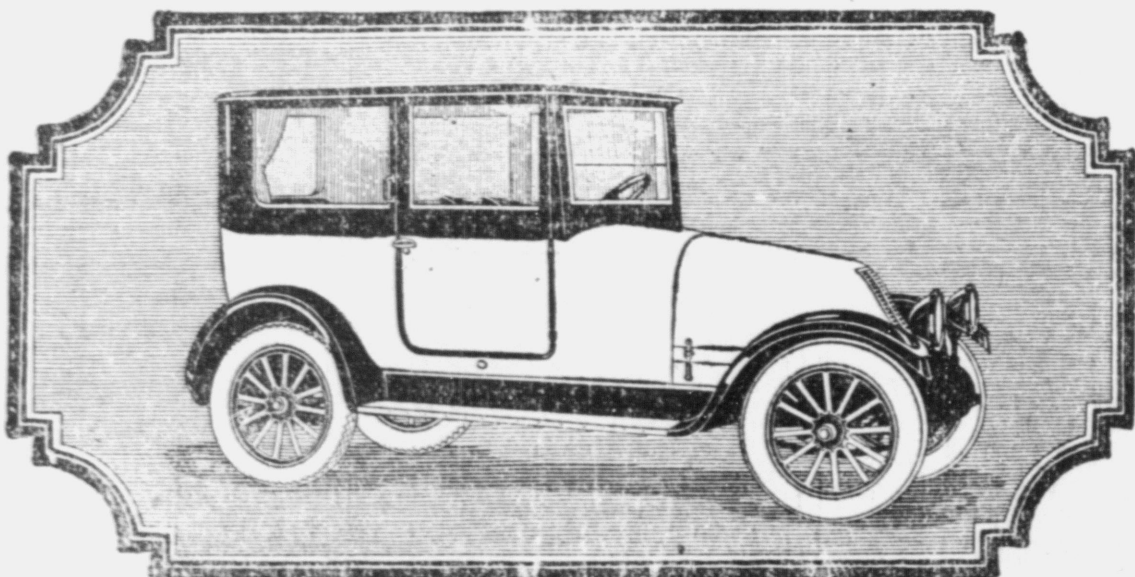

It is because of adherence to these general policies that the Company has prospered, and the Directors have been able to give a creditable accounting of their trusteeship to the 4623 stockholders who have their money invested in the Company.

### It's Travel--Satisfaction and Common Sense

It is altogether remarkable that any automobile should become famous for economy and usability on the one hand and equally famous on the other as the easiest riding car on the road—for the practical side of motoring seldom goes hand in hand with comfort and fineness. The FRANKLIN SEDAN gives unmatched economy, comfort and usability. They are all the result of common cause—the principles of AIR-COOLING, LIGHT WEIGHT and FLEXIBILITY. No other car combines these principles and for this reason, FRANKLIN records have stood unequalled for over 17 years. The FRANKLIN car keeps going when most other cars must stop. Ask for a test of FRANKLIN comfort, ease of handling, all-around usability on a poor road in this vicinity.

## HERE IN INTEREST NAVY RECRUITING

Seaman George Wedding of Richmond Office Visits Rushville For a Short Time.

HE GIVES OUT A STATEMENT.

Transportation Will be Refunded to any Applicant Failing to Pass Physical Test.

Seaman George Wedding, of the Richmond recruiting office, visited Rushville one day recently in the interest of navy recruiting, and gave out the following statement regarding the inducements offered by the navy:

Men between 17 and 35 years of age who are citizens of the U. S., of sound mental and physical condition, good moral character and able to read and write the English Language are wanted in the navy.

The navy today offers you an opportunity to see the world. Now when great changes are taking place in government and people is the time to travel and see these history making changes.

The business future of this country is dependent on trade with foreign nations.

The navy will equip you to fill an important place in this development. The navy is always on the move. The largest seaports of our own and other countries, are regularly visited.

The navy operates training schools for practically every trade. If you have a liking for any particular trade or work you will be placed where your talent can be perfected. You will be promoted according to your abilities if you take advantage of the opportunities freely offered you. Every encouragement is given to athletics, and the recruit is developed to the highest degree of efficiency in connection with physical attainment. Amusements of varied nature may be found at naval training stations and on board ships.

The pay in the navy ranges from \$32.60 to \$100.00 per month. Retirement at 16-20-30 years and retirement at 16 years, you will receive 50.00 dollars, for 20 years you will receive \$75.00 and 100.00 for 30 years. A young man entering the service at the age of 18 years retires at the age of 34 years with an income of \$50.00 per month for life. This is only one of the many advantages the navy offers you, besides free board and lodging, medical attendance and to learn a trade and travel all at the government's expense.

Any one interested in the navy life can obtain full information by calling or writing to the navy recruiting station at Richmond, Indiana.

If a man's parents become dependent upon him for support and he finds that he can make higher wages in civilian life, with which to come to their support, upon present-

ing this fact to the navy department he is permitted to purchase his discharge.

Any discharge men or released men from the navy living here are requested to write to the disbursing officer, Bureau Supplies and Accounts, Navy Dept., Washington, D. C. for their bonus money.

All eligible young men interested in the foregoing are cordially invited to call or write to the navy recruiting officer for further information. Transportation will be refunded to any applicant who wishes to enlist and fails to pass the physical examination.

All branches of the service are open for enlistment. Any one wishing to enlist may do so by seeing Postmaster G. P. Hunt at the post-office or at the navy recruiting office, 301 Kelly Hutchinson building, Richmond, Indiana.

## OVER FIVE HUNDRED ATTENDING MEETING

Agricultural Clubs of Boys and Girls in Conference at Lafayette This Week.

WILL LAST FOUR DAYS.

Lafayette, Ind., April 21.—Agricultural clubs of boys and girls of the state came to Lafayette today to attend the four day "round up" to be on hand when registration was held today.

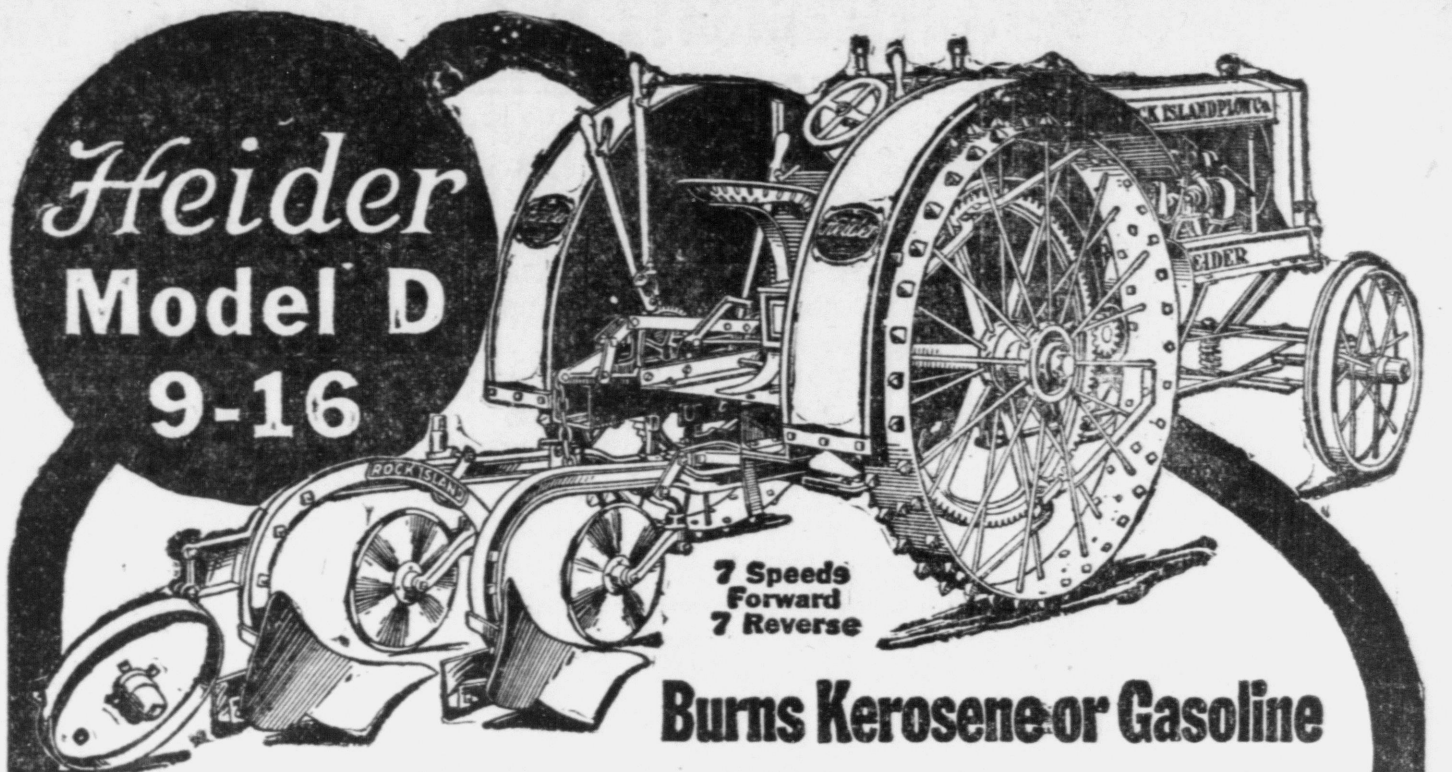

Ordinarily these meetings are held at the time of the Farmer's Short Course at Purdue but the course was cancelled this year because of the influenza epidemic.

Practical demonstrations and lectures are to be given during the four days and those boys and girls who have made extraordinary successes in their farm clubs will tell the others how they did it.

## BIGGEST DOCK IN WORLD

London's Object to Regain Old Position as Premier Port

London, April 5. (By Mail.)—With the object of regaining for London her former proud position as premier port of the world, a new and enormous dock, capable of accommodating the world's liners, is being constructed on the south side of the Royal Albert Docks. Its water area is to be 64 acres and by means of a floating caisson, its normal length is capable of extension to 910 feet—and large enough for a bigger boat than even the 868 foot Aquitania.

HERE is the practical one-man tractor for your farm. Easy to control, start, stop or reverse, all with one lever. Special friction transmission, the greatest feature ever built into a tractor. Less gears, fewer parts, less trouble, less chance for breakage and lower upkeep cost. Especially designed manifold, burns either kerosene or gasoline. Switch from one fuel to the other at any time without carburetor changes. Standard four-wheel construction, heavy duty, four cylinder Waukesha tractor motor. ## Victory Campaign Begins With Great Enthusiasm

### SUCCESS SEEN AT OPENING OF DRIVE

Liberty Loan Officials Say Prospects  
For Unqualified Success of Cam-  
paign are Good.

ANDERSON FIRST TO REPORT.

Sends Subscriptions Totalling \$2,550  
This Morning—Farmers Trust Co.  
Sells Quota Early.

Optimism was the keynote of bankers and workers alike when the Fifth Liberty loan campaign opened in Rush county this morning.

The high rate of interest offered and the desirability of the Victory bonds as an investment, together with the fact that this will be the last popular appeal for funds by the government, all combined to bring about a situation which presages unqualified success at the very inception of the drive.

No definite reports were forthcoming today, with the exception that the Farmers Trust company of this city had oversold its quota this morning at 8:45 o'clock and that subscriptions amounting to \$2,550 had been made in Anderson township.

T. M. Green, county sales director, received the first report from Anderson township by this morning's mail, which is the first official word of any bonds being sold. It is the case, however, that many thousands of dollars worth of bonds have been sold by banks without any effort on their part.

Rushville bankers who were interviewed this morning, declared that the prospects for success of the Victory loan were very encouraging. They reported pre-campaign volunteer subscriptions in excess of those previous to former campaigns.

"I see no reason why the county quota on the Victory issue should not be sold at once," said one Rushville banker this morning. "A week ago I did not feel that way, but the attitude toward the campaign has changed materially and optimism over the outcome seems to prevail everywhere."

Bankers expect to dispose of a large percentage of their quotas by persuading depositors to convert certificates of indebtedness into Victory bonds. These government certificates, which were issued in anticipation of the Victory issue, mature during the late spring and early summer and pay four and one-half per cent. It is not difficult for holders of these to see that Victory bonds are a better investment because they pay one-fourth of one per cent more interest and are exempt from local and state taxes and normal federal taxes. The 4 1/2 bonds are about the only ones which will be sold here because, with a few exceptions, no taxpayer in the county has to pay any federal taxes except the normal income tax. The other notes of the fifth issue pay 3 1/2 percent and are wholly tax exempt.

Rushville township canvassers have been soliciting subscriptions for several days and were requested to report to W. M. Sparks, township sales director, by tonight, so that it is probable, if instructions are followed, that the official total will be materially boosted tomorrow.

Three enthusiastic loan meetings were held in as many parts of the county yesterday. Miss Hazel Bennett, who was a nurse with Base Hospital No. 32 and Douglas Morris, spoke at a meeting at Raleigh.

### Whippet Tank a Flivver; Fails To Show Up Today

The whippet tank is apparently a flivver. After one postponement the war machine, which is touring Indiana in the interest of the Victory Loan, was expected to be here today, but it apparently is lost in the wilderness of southern Indiana. A telephone inquiry to the state publicity department this morning brought the laconic reply that its whereabouts were "unknown." Considerable difficulty has been experienced with the tanks through breaks in traveling over country roads. Whether it will ever get here is not known.

## EXPRESS COMPLETE OPTIMISM TODAY

County Chairmen Send Notes of  
Confidence That Quota Would be  
Met on Victory Loan.

TERMS ARE MOST INVITING.

Short Time Feature of Loan is  
Another Phase of Issue That is  
Appealing to Investor.

(By United Press.)

Indianapolis, Ind., April 21—Victory loan headquarters expressed optimism over the prospects of the fifth government bond issue launched today. County chairmen of the sixty-eight counties—that part of Indiana in the seventh federal reserve district—have sent messages of confidence to the headquarters here that the quota would be met. Reports from southern Indiana indicate that the same optimism also exists in those counties.

Uncle Sam asks \$13,891,700 of southern counties and \$81,562,500 of the remaining sixty-eight counties, a total of \$94,454,200. This is about three-quarters of the total quota of the first loan. The terms of the loan are the most inviting yet offered by the government. County organizations throughout the state are in splendid condition, according to an announcement today from

## SEVEN COUNTIES IN INDIANA OVER TOP

Bartholomew First to Subscribe  
Loan Quota Without Aid of  
Banks or Organization.

HENRY AND FAYETTE IN LIST

(By United Press.)

Indianapolis, Ind., April 21—Seven Hoosier counties have gone over the top early today in the Victory Loan campaign, and official reports from Brown county state it to be the first to subscribe the full amount.

A telegram sent to William Wade, director of sales of Indiana, to Lewis Franklin, director of war loan organization of Indiana, stated that this is the first state to have reported any counties to go over.

Bartholomew county was the first to subscribe its quota without the aid of banks or other organizations. The quota was \$675,000. The other six counties are Steuben, \$358,000; Morgan, \$394,000; Union, \$300,000; Wells, \$705,000; Fayette, \$562,000; Henry, \$862,000.

## THIS MORNING NEW ARMY TAKES FIELD

One Million Victory Loan Workers  
Begin Collection of The Price of  
Peace.

LAST POPULAR CAMPAIGN.

Every Member of Army Will be  
Awarded Medals Which Come  
From the West Front.

(By United Press.)

Washington, April 21.—This morning's sun saw a new army take the field. One million strong, they rose and went into the highways and byways of the nation. They began collecting funds with which to pay the price of peace.

In its fifth call for funds, the nation asks its citizens to buy its notes totalling \$4,500,000,000 second to the largest loan in her history.

But this issue of government securities differs from all others. Instead of bonds maturing in 20 years, this great new army will offer government notes maturing in four years. And the interest rate is the highest ever authorized, 4 1/2 per cent being paid.

New privileges are accorded purchasers of the government's issue of securities. It is regarded by many financiers as the best the government has sold in its gigantic scheme of paying its way, in "war time" and after. The short term which the notes run make them attractive, they say. Then, in four years, the United States Treasury will pay you for it. And after all, four years is only a short while to wait and you may have a lucrative proposition into which you can turn your money when it is paid back to you, the financiers argue.

With all of the added features, regarded as making the new government loan attractive, the "Army of One Million" won't have an easy time in selling its quota. Treasury officials are convinced. They have instructed the commanders of the army to be on the job every waking minute of the three weeks through which the campaign is to run. They have told them this is the last popular campaign.

"Let's go; let's make it good," the privates in the army have been told.

When the war began, official figures compiled from many sources placed the number of bondholders of every kind in the United States at 31,700. After the Fourth Liberty Loan campaign, Treasury statistics revealed that the number of owners of government bonds alone was 31,878,596. And they are still coming in. Regulations governing the handling of bonds by banks on installment payments does not provide for turning in full number of subscribers. As the bonds are absorbed, however, full credit is given. So with this constant stream of figures coming in, the loans and currency division of the Treasury estimates the final number of Fourth Liberty Bond buyers will exceed 35,000,000.

In the matter of educating Americans to buy bonds, statistics of the Treasury give the best evidence of results attained. Only 7,521,171 persons bought bonds in the first campaign. In the second loan, those figures were nearly doubled, the final total reaching 14,930,916. Again, in the third campaign, an amazing increase was shown, 24,295,957 persons subscribing for government bonds. The increase in the Fourth Liberty Loan, therefore, was more

### MUST GIVE NAME BY PHONE

Person Sending in Fire Alarm Can  
Thus Save Delay.

The first false fire alarm that has been sent in for some time was telephoned to the fire station Saturday shortly after one o'clock, which resulted in the department making a run to the west part of the city. The person making the call did not state his name and the way of finding the guilty person is known, but the fire department has been instructed that hereafter no call will be answered over the telephone until the one sending in the call gives his or her name. Anyone reporting a fire by telephone can save delay on the part of the department if they state their name first and then tell the location of the fire.

## TO BUY TRUCK FOR ROAD MAINTENANCE

County Commissioners Advertise for  
Bids to be Received up to 2 P. M.  
on May 5.

ACTION ON ROAD PETITIONS.

The county commissioners, late Saturday afternoon before adjourning, instructed the county auditor to advertise for bids for a motor truck, with a capacity of from 3 to 5 tons, to be used in the maintenance of roads of the county. A few other counties have already adopted the truck as a means of cutting down road repair costs which have been mounting on account of high freight rates. Bids will be received up until 2 p. m., Monday, May 5.

The commissioners, who will act as viewers on the nine roads petitioned for under the county unit law, which were considered Saturday afternoon, approved all of the preliminary steps taken and will report on or before May 15. All of the petitions are for permanent highways, except the Havens road. The others are the Offutt, Buell, McKee, Cavitt, McOrkle, Sharp, Scott and Moffett highways.

The commissioners also ordered the following contractors to proceed with construction of roads which have not been completed: W. C. Reinheimer, T. L. Behler and Robert Holt, roads; Ed. G. Grant, Frank Capp road; Harry Colter, Ora Logan road. Willard Amos and Herbert Atkins were named viewers for the Noah Reddick road.

## HARRY KRAMER IS PINNED UNDER CAR

Machine Turns Turtle on Cement  
Road South of City and he is  
Released by Passerby

HIS DOG'S EAR IS CUT OFF.

Harry Kramer was pinned under his closed car when it turned turtle on the cement road a short distance south of Rushville Saturday afternoon, and could not get up until another machine came by and he was released.

Mr. Kramer miraculously escaped serious injury, or possibly death. He suffered a severe shock and a few bruises, in addition to a long cut over his right eye. The blow which inflicted the cut also injured his eye.

A dog riding with Mr. Kramer was hurt, one of its ears being cut off. The pool of blood in the road caused by the dog bleeding led the belief that some person had been killed in the accident. The gasoline tank was punctured and the contents ran on to Mr. Kramer as he lay under the machine.

## GERMAN CABINET OPENLY DEFIANT

Reported to Have Decided Not to  
Accept Peace Terms Without  
Learning Contents First.

WOULD WRECK PEACE PLANS

Big Four Meets Today to Thresh Out  
Italy's Claims With President  
Wilson Absent.

(By United Press.)

Paris, April 21.—The Big Four met today to thresh out Italy's territorial claims with President Wilson absent.

The president withdrew from the meeting as the result of Italy's basing her demands on the pact of London which was consummated before America entered the war, and which America regards as nullified, along with all other secret treaties.

Berlin, April 21.—The German government was reported today to have decided not to accept the peace terms without waiting to learn what they contain.

Both the cabinet and foreign office are openly defiant. Radicals are demanding acceptance of any terms submitted by the allies but it was finally decided to settle it with the assembly and not with a plebiscite. The general opinion prevailed today that the government has deliberately misinterpreted the allied invitation to Versailles, hoping to provoke a crisis that will enable them to blame the allies if the cabinet is overthrown by the radicals.

The German peace delegates are going to Paris confidently expecting to wreck the allied peace machine. This is plainly evident from statements in the Berlin press as well as the attitude of the foreign office.

The delegates expect to leave for Paris Tuesday. Some reports have been circulated that the government may hold a plebiscite to decide whether allied terms will be accepted.

The Germans plan to employ the same tactics which brought America into the war two years ago.

According to German figures, the allies will not and cannot proceed effectively if the German representatives talk.

It has been reported that the Germans plan to tear up the peace terms and refuse to sign them and then they will make a counter peace offer, according to German ideas, and threaten to turn Germany over to the Bolsheviks.

The foreign office plans to frighten the allies into believing Germany will pay no indemnities if the Bolsheviks get control of the country. It is merely a bluff because the foreign office absolutely has nothing to do in regard to the Bolsheviks in Germany.

The radicals, according to information here, probably would overthrow the government in case of a refusal to sign the peace treaty and are looking forward to early May, anticipating that it will probably enable them to win control.

Dr. Thomas R. White Speaks Here  
Wednesday Afternoon.

Dr. Thomas R. White, former Presbyterian minister who served in France for many months as a Red Cross Chaplain, will speak at the Graham high school building auditorium Wednesday afternoon at 3:15 o'clock on the theme, "A Chaplain's Story of the Battle Front," as a part of the city teachers institute program. School patrons and others are invited to hear him. Following the address the institute will be held. Dr. White has spoken in Rushville and is well known here, and it is expected that he will have a large audience.

## BOOZE RUNNER IS TO BE TRIED HERE

Frank Lentz, Who Abandoned Car  
Containing \$250 Worth of Whis-  
key March 27, is Arrested.

IS HELD IN INDIANAPOLIS.

Chief of Police Seward Bringing Him  
for Trial Tonight—Repeated At-  
tempts to Get Car.

The local police were informed this morning by wire that Frank Lentz, who abandoned his machine near this city on the evening of March 27, was under arrest in Indianapolis and Chief of Police Seward left shortly before noon to bring him here to stand trial. He will arrive here late this afternoon and in case Mr. Lentz has any reason not to stand trial at once, he will be tried in mayor's court as soon as he reaches Rushville.

On the evening of March 27, Lentz was driving a Ford machine through here, and at the corner of Main and Second streets, ran into the rear end of Pinnell-Tompkins' lumber truck, damaging his machine to such an extent that he was forced to leave it near the Carr farm west of the city. Upon examination of the machine it developed that the car contained 96 quarts of whiskey and twelve quarts of beer. The wholesale value of the whiskey which was packed in eight grain sacks, was estimated to be \$250.

An attempt was made the following evening to obtain the car by a certain Mr. Wright of Indianapolis, who said that the car had been stolen from him a few days before and that a friend in this city had wired him that the machine was being held here. Prosecutor Stevens talked to the alleged Mr. Wright and after an investigation, it was disclosed that no one from here had sent a message to Mr. Wright. Mr. Stevens went to Indianapolis the next morning to meet the supposed Mr. Wright but he never showed up and it was thought he was the man who drove the machine.

On April 8, the firm of Olin and Wilmet of Indianapolis made an attempt to get the car, alleging that they had a chattel mortgage on it.

## MAIL CARRIER'S CAR BURNS IN HIS GARAGE

James Moore Suffers \$800 Loss  
When Building Burns at His  
Home Sunday Morning.

HINT OF INCENDIARY ORIGIN

The fire department made a run to East Eleventh street Sunday morning at 3:55 in response to a call by telephone. The property was occupied by James Moore, a rural mail carrier, the garage in which he kept his machine was burned to the ground and the machine completely destroyed. The property belongs to Clifford Jarrett of Raleigh. No insurance was carried on the garage or machine, making the loss about \$800. The dwelling was damaged slightly but that loss is covered by insurance. The cause of the fire is unknown.

Some persons were inclined to believe today that the blaze might have been of incendiary origin, because it can not be accounted for in any other way and for the additional reason that an out building adjoining Moore's garage on property where Walter Barringer lives, caught fire under mysterious circumstances one night about two weeks ago. Moore's garage caught fire then and was damaged to the extent of \$100.

# All Choked Up With Catarrh? Why Continue Making Treatment?

prays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time, experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood. Splendid results have been reported from the use of S. S. # Days Pickings

There will be degree work in the J. O. U. A. M. tomorrow evening, at 7:30 o'clock. All members are urged to be present.

Mrs. Joseph Tracey, who was operated on at Sexton's hospital last Thursday for a tumor, is reported as improving nicely.

A son has been born to the wife of Miller Hamilton of Washington, D. C. The baby has been named James Miller. Mrs. Hamilton was formerly Miss Emma Wilk of this city.

Frank J. Hall, who is spending a few days with his sister Mrs. Della Miles north of the city is reported as improving nicely after a recent illness, having gone there to recuperate.

Jesse Scott, of Connersville, but formerly of this county has accepted a position with the local Fire Department. Mr. Scott fills the vacancy caused by the resignation of Henry Gregg a few days ago.

Marriage licenses have been issued to Miss Hazel Marie Warfield, daughter of Mrs. Jacob Warfield of Shelby county, and John P. Davis, son of Mr. and Mrs. Charles Davis; and to Mrs. Hazel Marie May and Chase Pea, both of this city.

The remains of the small child of Mrs. Essie Cassidy, niece of James Cassidy of this city, will be brought to Rushville tomorrow from Cleveland, O., where death occurred, and taken to Goddard cemetery for burial.

Word has been received here to the effect that Ralph Morris, now overseas, will be returned to this country as soon as possible. He is suffering from the acute bronchitis, and will receive treatment in this country.

# SERVICES WELL ATTENDED

The special Easter services of the Templar at the Main Street Christian church here and at the Milroy Christian church enjoyed large audiences. Fifty-five members of the local commander were present for the morning service and forty-three motored to Milroy to hear the sermon there by the Rev. W. R. Cady. The sermon by the Rev. Mr. Cady, as well as the one delivered by the Rev. L. E. Brown, were deeply appreciated by the knights, who this year departed from their usual custom of attending one Easter service and accepted two invitations.

# HARD ON SHOES? THEN READ THIS

"I marched through the mud of Flanders, through a large part of the Lorraine sectors, and lastly from Chateau Thierry to Fismes, and my shoes with Neolin Soles are still in good condition. For five months I alternated these shoes with two other pairs, which are now worn out, but the Neolin Soles look as if they had another five good months of wear left in them." Written by Lieut. Edgerly Austin, American Expeditionary Forces, France, October 17th, 1918.

This is exceptional service, all army men will agree. Civilians rarely give their shoes usage such as this; but if they are hard on shoes, and want to cut their shoe bills down, let them try Neolin-soled shoes. These shoes are obtainable at most shoe stores, in many good styles for men, women and children.

Or have your old shoes re-bottomed with Neolin Soles. You will find these scientifically made soles are comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

### Convincing Testimony

For This Poor Mother Who Could "Hardly Drag Around"

Glasgow, Ky.—"I am a farmer's wife and was suffering from a nervous breakdown—loss of flesh and poor appetite so I could hardly drag around and do the work for my family. My doctor prescribed Vinol. It not only made me well and strong but I have gained in weight." Mrs. S. M. Gray.

The reason Vinol proved such a wonderful strength creator in Mrs. Gray's case is because of the herb and cod liver peptones, iron and manganese peptones and glycerophosphates combined in a pure, native tonic wine, which makes Vinol the most successful tonic. ## EDISON RECORDS

FOR MAY

Three Million Dollars

For a Phonograph

Can you imagine a phonograph that costs three million dollars? MR. EDISON worked for many years and spent more than three million dollars in research work to develop a single model—THE NEW EDISON. If he had stopped and offered this one instrument for sale together with his patents and the secrets of his research work \$3,000,000.00 would be the price that many capitalists would gladly pay for it. But MR. EDISON did not do that. Instead he said "Here it is Boys," this is what I get the true results with, follow them and make replicas of this model at the lowest possible cost, but don't sacrifice the quality.

## "Own Your Own Home"

"Own your own home" is the slogan nowadays and a good one too. Why don't you do it?

Don't think that you require a very large bank account to do it. If you have enough to make a reasonable first payment on a suitable small place, and cannot make satisfactory arrangements with the present owner, go and have a heart to heart talk with your banker about it. Even if he can't do it himself he probably knows of somebody who would be glad to invest in a little place and sell it on the easy payment plan. Such an investment, with the certainty of getting his principal gradually back with interest, would appeal to many men. We are taking it for granted that your credit is good; if it is you are the man we are talking to.

Now we will suppose that the preliminaries are over and that you are settled in your own home. You are a householder now, with a feeling of pride and responsibility. You plant ornamental shrubbery where and when you wish. You make your little garden. You potter about in

your spare hours, and improve or repair your house. Whatever you do enhance values or at least keeps them up.

There is no necessity of asking any one whether you may or may not do this or that. You have the independent and contented feeling of a man who has really a stake on the face of the earth.

And your children—they will have something more than a temporary abode—a real home. It will be a home that they can look back to with remembered happiness. Moving from one place to another does not tend to building up character. A settled home with all its accessories does.

Convinced? Then go and look up your home.

The most disconsolate person we ever saw was a rag doll who had been set by a small owner upon a nest of Easter eggs with instructions to hatch them. She looked straight before her with utterly hopeless expression of one sentenced to perform the impossible.

When our boys now fighting in Archangel get home they will probably have permanently lost their taste for ice cream. Their girls had better begin at once to cultivate a fondness for hot chocolate.

President Wilson is said to be watching affairs in the United States very closely. Let us congratulate the president upon his excellent eyesight.

"Out of the mud" would be a good motto for the new federal highway commission, and would be especially appreciated by all soldiers who recall the muddy mud of France.

Continued obscurity and fear would be the worst punishment that William Hohenzollern could endure.

## Digest of New Indiana Laws

By Charles Kettleborough.

**TRANSPORTATION OF SCHOOL CHILDREN**—The law of 1917 concerning the transportation of school children was amended to provide that trustees must furnish transportation for pupils who "belong to schools which have been abandoned within the last 10 years or which may hereafter be abandoned and in cases here pupils live more than 2 miles from the school to which they are assigned. Trustees are also given discretion to furnish transportation to other pupils if the conditions warrant such transportation. If pupils live 1 mile nearer a school in an adjoining township of county the trustee, on application of the parent or guardian, is required to issue a transfer to the nearer school. The age of drivers of school hacks was changed from 21 to 18 years.

## Library Notes

(By MARY SLEETH, Librarian)

### Salesmanship.

Knowledge of human nature learned by personal observation and experience helps to make a good salesman. Books are also guides to character and enable us to observe keenly.

In books successful business have pointed the road to greater efficiency.

One practical guide is Taylor's "What a Salesman Should Know", which deals with traveling salesmanship.

"Retail Selling and Store Management", by Neystorm, tells how to manage a store, how to size up a customer and how to sell goods.

Marketing methods, personal salesmanship, and training people to sell more goods are described in Fowler's "How to Sell".

Moody's "Men Who Sell Things" is a popular book of personal observations and experiences written by a man who for twenty years was a traveling salesman. European buyer, salesmanager and employer. He says, "What the world of salesmanship wants is educated enthusiasm". His book and other on the subject contribute toward the education advocated.

Ask for these books and for others on any line of work that interests you at your Public Library. Library service is free.

## MANY MUNCIE PEOPLE CAUGHT IN LAND DEAL

Federal Authorities Believe Others Will be Found Who Were Victims of Swindle.

### CASE OF CLEVELAND, O. MAN.

(By United Press.)

Indianapolis, Ind., April 21.—Federal authorities are led to believe that other residents of Muncie were caught in the alleged fake land deal and betting ring, uncovered in that city a few days ago in the arrest of seven men.

One man, of Cleveland, Ohio, told the police that he was swindled out of about \$10,000 and returning to his home in Cleveland, swore out warrants for the arrest of these men. That was two months ago, he added, and the warrants have never been acted upon by A. McIlvane, chief of the Muncie police, to whom they were sent.

"There's the man that got my \$3,000", the Cleveland man said, pointing to Chauncey Stillson, proprietor of the Grand hotel in Muncie.

### Amusements

Lila Lee at Princess

One of the dramatic scenes in "The Secret Garden", Lila's Lees new paramount picture which is being shown at the Princess theatre tonight, shows the little star up to her neck in mire. The scene occurs when Mary Lennox, the little heroine, played by Miss Lee, tries to cross a bog and becomes stuck in mud. Miss Lee went through the scene without a qualm, in fact, she said she rather enjoyed it. To an early fondness for making mud pies, which was never completely satisfied, she attributes her fearlessness in entertaining the mire.

"You see", said Lila, "I loved to play in the mud several years ago and I don't think I ever entirely recovered from that longing. But my parents used to employ drastic methods to take the desire out of me. Their method generally consisted in the accurate manipulating of a hairbrush or a strap in my immediate vicinity."

Tomorrow "Out of the Shadow", featuring Pauline Frederick in the role of Ruth Minchin, will be shown.

### AT TWO EASTER SERVICES

Twenty New Members Added to U. B. Church Easter Sunday.

Easter services at the Court house where the United Brethren church people meet was well attended. The sermon theme at 10:30 was, "A Risen Christ". "The Dawn of a Wonderful Day", was the theme for the evening service. This was given in splendid way by the Junior choir, with Claude Crider as leader and Mrs. Earl Crider as organist. The program given was highly praised. Twenty united with the church during the day and eight were baptised at the close of the morning service.

Samuel A. Brown, 206 Pearl St., says: "I had a severe attack of backache and it became worse every day. Finally the trouble was so bad, I could hardly raise my foot off the ground. When I stooped, I thought my back would break. I used Doan's Kidney Pills and was surprised at the prompt way in which they stopped the trouble. In a few days, I was free from pain."

### FALLS SICK ON WAY HOME ON FURLOUGH

Clarence Myers, one of County's War Heroes, Expects to Reach Rushville in Few Days.

NOW ILL IN CONNERSVILLE.

Clarence Myers, one of Rush county's war heroes, is in Connersville suffering from a relapse of the pneumonia, according to the word received here this morning from Charles Harton of Milroy. Mr. and Mrs. Harton paid Private Myers a visit yesterday in Connersville, where he was taken sick while on a short furlough from the base hospital at Quantico, Va. They report that he is not suffering from the pneumonia here, but he has not fully recovered from the former attack and that he thinks he will be able to visit here before he returns to camp.

Private Myers recently returned from France where he saw several months active service. While in service there he was gassed and also wounded in the hip by a machine gun bullet. He enlisted in the Marines early in 1917 and served in that famous First company of Marines who covered themselves with glory by stopping the Germans the first few months of fighting in which the American Marines took part. Myers is well known in this county, having clerked in the William G. Mulno clothing store previous to his enlistment. The fact that he is this near home and is not able to pay his many friends a visit at once seems rather unlucky, but he is sure of getting here after a short time and enjoying the welcome that will be given him.

### M. E. SUNDAY SCHOOL PASSES ITS QUOTA

Raises \$1,071 in Cash as Easter Service as Share of Centenary Mission Work

EXCELLENT ENTERTAINMENT

At the entertainment given last evening by the Sunday School of the St. Paul's M. E. church a cash offering of \$1,071 was given by the classes of the school to go directly toward Missions. The offering represented the giving of about 225 people which is the average attendance of the school. It will go through the work of the Centenary of the church to the work of Missions. The Sunday Schools of Methodism have pledged one eighth of the Centenary pledge for the entire church. The allotment locally would have been \$636.00 and last night's offering resulted in the local school far "over the top".

Preceding the taking of the collection, the annual Easter entertainment was given by the children of the school. In the excellent program were featured a number of readings, musical numbers and exercises appropriate to the season. Miss Alleine Budd acted as chairman of the committee in charge of the entertainment. For the occasion, the church was prettily decorated with banks of spring flowers. The church was well filled with an appreciative audience for the entertainment.

## What Is Economy?

Progressive farmers insist on our Buck-eye or Michigan wire fence. They know that these fences combine the two essential points of a good buy.

First—Their quality is unexcelled. Either the straight stay or hinge lock can be had in an exceptionally durable fence. Second — The price is very reasonable. Our fence is being sold at an unusually low rate now.

Don't fail to come and see our large assortment before you buy.

The members of the Ladies Aid society of the Methodist church will be entertained tomorrow afternoon at the home of Mrs. Charles Hugo, 1004 North Morgan street. She will be assisted by Mrs. Albert Wagner.

Mr. and Mrs. Will Myers of Indianapolis were dinner guests of Mr. and Mrs. George Harrell of West Third street yesterday. In the morning the guests attended the Easter program given at the M. E. church.

Mrs. Mary Hood, living south of Raleigh entertained a number of guests at an Easter dinner yesterday. Those present were Mr. and Mrs. Jesse Kirkham and family, Mr. and Mrs. Lee Ayres and son, Alonzo, of Indianapolis and Mr. and Mrs. John Bath and family of Newcastle.

Miss Frances George, who has been visiting with her parents the last week, entertained a few of her

charming friends from Indianapolis for the Easter week-end. The guests were Capt. Byron Biddinger, Lieut. Bradley Bennett and Miss Lucille Keating. Lieut. Biddinger and Bennett have just been discharged from the aerial service, having been overseas.

Mr. and Mrs. James R. Wilson, living west of the city, entertained a number of their friends yesterday with a fried chicken dinner. The table was beautifully adorned with Easter flowers and was set for sixteen guests. Among those present were Mrs. Wilson's mother, Mrs. Sam Parker, and brother, Charles Parker of Sadersville, Ky., Mr. and Mrs. Walter Offutt and family, Mr. and Mrs. Tom Cohee, and Mr. and Mrs. Orley Mustard and family. The afternoon was spent socially.

A family dinner was served at the home of Mrs. Sarah Casady in West Ninth street Sunday, at which children, grandchildren and great grandchildren were guests. The table was decorated with a beautiful bouquet of roses which were sent from Alabama by Mrs. Casady's daughter, Mrs. Frank Cotton, formerly of Manila. Among the guests were Mr. and Mrs. Sam Casady, Mr. and Mrs. Pleas Greenlee and daughter and Mr. and Mrs. Kenneth Casady and daughter, all of Shelbyville; Mr. and Mrs. E. R. Casady and family, Mr. and Mrs. Will Bennett and daughter, Mr. and Mrs. Richard Fleebart and Tom McDaniel and son Ross.

Relatives and friends of Malcolm Holmes delightfully surprised him yesterday at his home in East Eighth street, with a pitch-in-dinner, the occasion being in honor of his twenty-eighth birthday. The table where the bountiful dinner was served, was adorned with a basket of Easter decorations and covers were laid for Mr. and Mrs. Allen Hiner, of Newcastle, Mr. and Mrs.

Hollis Holmes of Richmond, Mr. and Mrs. Perry Young of Connersville, Mr. and Mrs. Fent Johnston and children, Mrs. Elizabeth Rankin, and son Russell, Mrs. Laura Newbro, Mrs. Mollie Miggins and sons Howard and Raymond, Miss Daisy Elder, Miss Leona Rankin and Walter Martin and Otis Rankin.

but Chief of Police Seward refused to turn it over to them. Another attempt was also made Friday to obtain the car but again it was refused to the parties that claimed it. When Chief of Police Seward returns this afternoon with Mr. Lentz, it is thought that the whole affair will be cleared up in a very short time.

### SUCCESS SEEN AT OPENING OF DRIVE.

town hall at 1:30. Miss Bennett also recited her experiences at the Jackson township meeting at Osborn school house at three o'clock. Miss Anna L. Bohannon was also a speaker at that meeting.

Judge Will M. Sparks delivered a Victory loan address at the Manila Christian church in the afternoon at 2 o'clock, which was the feature of a union all-day meeting at that church. A basket dinner was served at noon.

"See your banker, or your solicitor," was the admonition of county officials of the campaign today. They are anxious to close up the campaign as soon as possible and urge that people who expect to subscribe, not wait until they are visited by a canvasser. It was pointed out that credit for subscriptions will be given to the solicitor entitled to them, regardless of whether they are given direct to him or through a bank.

The practical certainty that Victory bonds will soon go above par and the high rate of interest make

them the best investment on earth, not taking into consideration the soundness of the investment or the patriotic impulse which should cause people to loan their money to the government. The government plan of payment, which is the most liberal ever offered in a bond campaign, is appealing to the small investors, and is as follows:

Ten percent with application, ten percent July 15, twenty percent on August 12, September 9, October 7 and November 11.

### THIS MORNING NEW ARMY TAKES FIELD.

Continued from Page One  
than 7,000,000 over the previous drive.

Since officials say this is the last great drive, the last concerted effort to float a government loan, every member of the army will be rewarded. They will be given medals, medals which come from the West Front. They were melted from captured German cannon, the same cannon which sent so many of the nation's sons "West". Each volunteer worker will get one, Frank R. Wilson, director of war loan publicity has planned.

With the completion of this loan, the government's interest bearing debt will total approximately \$29,000,000,000 dollars. Of this \$22,885,000,000 is directly traceable to the costs of beating down German autocracy.

The treasury has started buying back some of its earlier issues. Whenever possible, the Treasury Department through the war Finance Corporation went into the open market to buy Liberty Bonds. This was done for two reasons, officials explain: It served as stabilizing measure for the market quotations of the Liberty Bonds and worked as a re-funding arrangement which will go on and on until, when the last bonds mature in 1947, the government will have a sizeable amount of them already in its own hands.

### EXPRESS COMPLETE OPTIMISM TODAY.

Continued from Page One  
state headquarters here. This applies equally to the women's organizations under the leadership of Alice Foster McCulloch of Fort Wayne, chairman of the woman's liberty loan committee for Indiana.

The men's and women's organizations have been merged and are co-operating in all counties.

Basic agricultural conditions throughout Indiana are such that optimism is apparent in rural communities. The business readjustment in the state following the signing of the armistice has gone forward so steadily and smoothly that prophecies are numerous that the business man generally will excel even his record of former loans. Unemployment is so little apparent that labor again will take its full share of the last Liberty issue, according to reports from the large industrial centers.

Banking conditions apparently are more safely grounded than at any time during the war period. Total resources of the banks in the sixty-eight northern counties show an increase over the period just preceding the fourth loan that is more

than sufficient to account for Indiana's entire quota for the Victory bonds.

The short time feature of the Victory loan is another phase of this issue that is appealing to the investor. Many counties plan to sell their total quota of bonds today and hope was expressed at state headquarters that much of the heavy campaigning for the loan will be done during the first week.

### HIGH SCHOOL PLAY APR. 25.

The New Salem high school play will be given in the auditorium of the New Salem school building Friday evening April 25. The play is entitled "A Misplaced Decimal", and is sure to be highly entertaining.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 30c and 50c per box. 7c druggists.

## ONLY 3 STATES IN U.S. THRIFTER THAN THIS

Springsteen Announces Indiana is Second in Seventh Federal Reserve District.

IOWA IS IN FIRST PLACE

Indianapolis, Ind., April 21.—Only one state in the Seventh Federal Reserve District, and only three states in the United States are thrifter than Indiana, if sale of War Savings Stamps form of air criterion. Robert E. Springsteen, director of the Indiana War Savings Committee, has just received information from Washington to the effect that Indiana is second in the Seventh Federal Reserve District, and fourth in the United States in W. S. S. sales. Iowa is in first place in the District and the United States.

"Washington officials" says Mr. Springsteen, "were very much pleased with the showing of Indiana and Iowa, and of the central states generally. These states have done well in all the W. S. S. and Victory Loan campaigns. I predict that

Indiana will make her usual good showing in the coming victory campaign and in the sale of W. S. S. Our people are among the thriftiest of the nation."

## A Woman's Story With Great Meaning

Subject of Childbirth Discussed by Women of Experience.

Women everywhere tell their friends how, through the use of Mother's Friend, the wonderful penetrating external application, they avoided suffering and distress before the advent of nature's most wonderful evolution.

Mother's Friend is a remedy which spreads its influence upon the cords, nerves and ligaments involved, rendering them pliant to readily yield to nature's demand for expansion. The nerves, cords, tendons and ligaments expand without that peculiar wrenching strain, and nervousness, nausea and unpleasant sensations are naturally avoided when the nerves and muscles are relaxed and thus are not tort and drawn.

By regular use, the lower abdominal region expands with ease when baby is born, the hours are less at the crisis, and pain and danger is naturally less. You can obtain Mother's Friend from any drug store. It has been used by women for over half a century, and is just as standard as anything you can think of. Write the Bradfield Regulator Company, Dept. H, Lamar Building, Atlanta, Georgia, for their Mother's Friend Book, and get a bottle of Mother's Friend today, and thus fortify yourself against pain and discomfort.

### U. S. FARM TRACTORS TO BE SHIPPED SOON

Nearly \$1,000,000,000 Worth of American Tractor Going to Europe This Year

### INCREASE CROP PRODUCTION

(By United Press.)

Washington, April 21.—Nearly \$100,000,000 worth of American farm tractors to be shipped abroad this year will:

Replace war caused man shortages in France and England.

Free peasant laborers for more schooling and socializing influences in the Balkans and Turkey.

Save camel and buffalo-power in Egypt, Mesopotamia, Greece and other tropical lands where horses are little used in agriculture.

Increase the crop production in nearly all countries of the world.

Approximately 90,000 American tractors will be sold for export this year, if last year's export rate is maintained. More than 314,000 tractors will be manufactured in the U. S. in 1919, according to estimate of the Agricultural Department.

Together with 100,000 machines put in use on American farms last year this will give one tractor for each 17 farms. It indicates a tremendous saving in manpower and horsepower on American farms, experts say.

AFTER CLOUDS COMES SUNSHINE. AFTER DESPERENCY COMES JOY. AFTER SICKNESS COMES HEALTH. AFTER WEAKNESS COMES STRENGTH.

In the spring when you're "all in"—fagged out—blood thin, if you will turn to Nature's remedy, a tonic made from wild roots and herbs, which has stood fifty years as the best spring tonic—you will find strength regained. No need to tell you it's Dr. Pierce's Golden Medical Discovery, put up in tablet or liquid form, and sold by every druggist in the land. After a hard winter—shut up indoors, your blood needs a temperance tonic, a tissue builder and blood-maker such as this "Medical Discovery" of Dr. Pierce's.

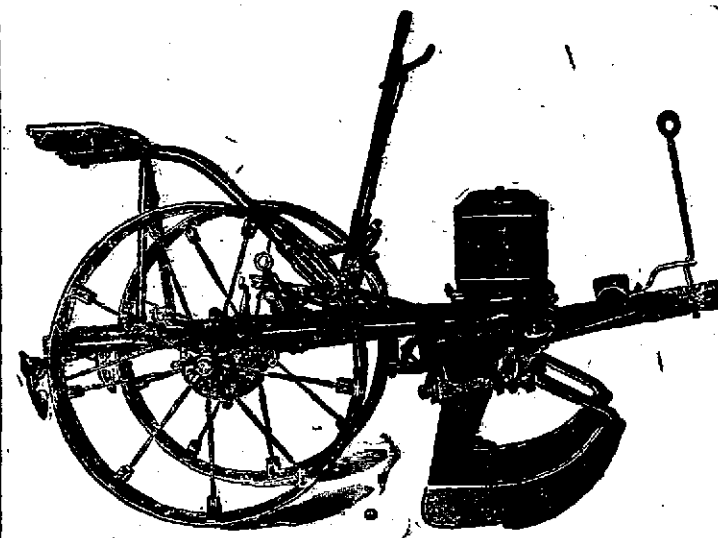

Send 10 cents to Dr. Pierce's Invalid Hotel, Buffalo, N. Y., for trial package. "I have used Dr. Pierce's Golden Medical Discovery in a splendid medicine. I have used it for many years for coughs, colds and all kinds of ailments. It has done for me what no other medicine has. I highly recommend it." Mrs. Ed. Bocher, 121-54 St.

### Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

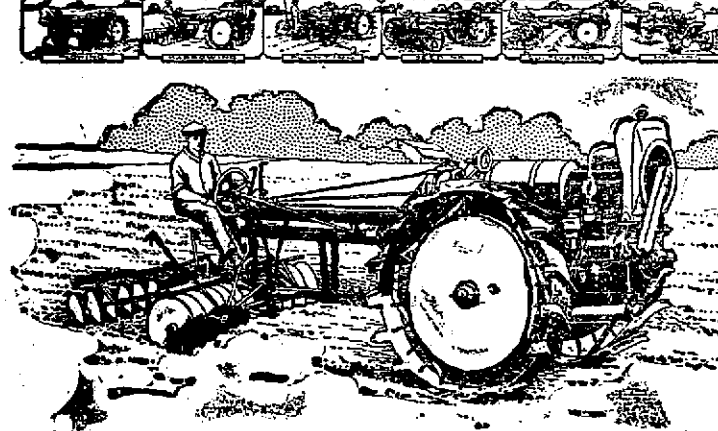

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and, clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Discs 27 Acres a Day with the New

## MOLINE UNIVERSAL TRACTOR

### It Solves The Farm Help Problem

Discing is rapidly and economically done with the new Moline-Universal Tractor, Model D, one man with an 8-foot tandem disc harrow covering 27 acres in ten hours. With a 10-foot disc harrow he covers 38 acres, and with a 20-foot peg-tooth harrow 76 acres.

The light weight of the Moline-Universal Tractor, 3380 pounds, makes it especially adapted for discing and similar work, as it does not pack the soil and uses but little fuel, running on less than half throttle most of the time. It is light, but more than enough power to pull two 14-inch plows at high speed, all its weight being traction weight.

The Moline-Universal Tractor attaches directly to the implement and forms a single, compact unit with it that is controlled by the operator from the seat of the implement, where he must sit to do good work. One man with the Moline-Universal does as good work as two men with the average tractor.

The Moline-Universal is adapted for all classes of farm work. Its high

clearance, 29 1/2 inches, makes it ideal for cultivating, and it is equally well fitted for planting and harvesting. In addition, it has ample power for belt work, pulling a 24-inch grain separator or 16-inch ensilage cutter with ease.

There is work on the farm every day in the year for the Moline-Universal Tractor. It will do every field operation that can be done with horses and do it better, faster, and cheaper. This is why the Moline-Universal really replaces horses, and, at the same time, by enabling one man to do much more work than ever before possible, solves the farm help problem.

The detailed construction of the new Moline-Universal, Model D, is the best it is possible to manufacture. Perfected 4-cylinder overhead-valve engine, electric starting and lighting system, complete enclosure of all working parts, and fifteen Hyatt roller bearings, are a few of the main features.

We invite you to examine this machine at your earliest opportunity.

Garden Tools That Are Left On The Ground May Cause Injury to Someone

What may happen if a hoe or rake is left lying on the ground is shown in this picture. A rake with sharp teeth often bites through good shoe leather.

When the carpenter is through working he carefully cleans his tools and puts them away in a box because he wants them to be in good condition for work the next day. A hoe or spade left overnight in the garden is sure to be rusted and in poor condition for use.

Garden tools not in use should be placed upright against the fence or house. At night they should be placed indoors.

**MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE**  
**The World Demands Strong, Vigorous, Keen-Minded, Men and Women**

It has been said of Americans that they work their habits overtime. Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidness, despondency, fear, trembling hands, want of confidence and even cowardliness are due in a large measure to abused nerves.

People with plenty of red blood circulates and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of **He-Len** every day for seven days—and take them faithfully.

Take two after each meal, and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bi-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

# The Policy of The Standard Oil Company (Indiana)

IT is the policy of the Standard Oil Company of Indiana to conduct its business in fairness to all: to the consumer, to the employe, to the stockholder and to the competitor.

To deal fairly with the consumer by manufacturing the best petroleum products, distributing them widely and selling them at lowest prices.

To deal fairly with the employe by giving him steady work, compensating him liberally, and as far as possible, insuring him against unemployment.

To deal fairly with the competitor by standing squarely on the broad, general principle of live and let live—by maintaining open prices and never deviating from them.

The Standard Oil Company knows that, by reason of its refining and distribution facilities, and the service it renders to customers, it has no need to disorganize the market to get its fair share of the business. That is all it expects and wants.

It is because of adherence to these general policies that the Company has prospered, and the Directors have been able to give a creditable accounting of their trusteeship to the 4623 stockholders who have their money invested in the Company.

## HERE IN INTEREST NAVY RECRUITING

Seaman George Wedding of Richmond Office Visits Rushville For a Short Time.

HE GIVES OUT A STATEMENT.

Transportation Will be Refunded to any Applicant Failing to Pass Physical Test.

Seaman George Wedding, of the Richmond recruiting office, visited Rushville one day recently in the interest of navy recruiting, and gave out the following statement regarding the inducements offered by the navy:

Men between 17 and 35 years of age who are citizens of the U. S., of sound mental and physical condition, good moral character and able to read and write the English Language are wanted in the navy.

The navy today offers you an opportunity to see the world. Now when great changes are taking place in government and people is the time to travel and see these history making changes.

The business future of this country is dependent on trade with foreign nations.

The navy will equip you to fill an important place in this development. The navy is always on the move. The largest seaports of our own and other countries, are regularly visited.

The navy operates training schools for practically every trade. If you have a liking for any particular trade or work you will be placed where your talent can be perfected. You will be promoted according to your abilities if you take advantage of the opportunities freely offered you. Every encouragement is given to athletics, and the recruit is developed to the highest degree of efficiency in connection with physical attainment. Amusements of varied nature may be found at naval training stations and on board ships.

The pay in the navy ranges from \$32.60 to \$100.00 per month. Retirement at 16-20-30 years and retirement at 16 years, you will receive 50.00 dollars, for 20 years you will receive \$75.00 and 100.00 for 30 years. A young man entering the service at the age of 18 years retires at the age of 34 years with an income of \$50.00 per month for life. This is only one of the many advantages the navy offers you, besides free board and lodging, medical attendance and to learn a trade and travel all at the government's expense.

Any one interested in the navy life can obtain full information by calling or writing to the navy recruiting station at Richmond, Indiana.

Made and Sold by Rock Island Plow Co.

The Model "D" 9-16 H. P. is a two-plow tractor and is built so you can attach the Rock Island No. 9 power lift two-bottom tractor plow directly to the tractor. This plow is especially built for the Heider Model "D" Tractor. Your hand operates the tractor while your foot raises or lowers the plows by the automatic power lift.

This gives you tractor and plows in one complete unit. Easier to handle than the ordinary horse plow—enables you to plow up to the fences and into the corners. You plow all the field.

Heider Model "D" is also equipped with a standard drawbar for pulling other tractor plows, discs, hay tools, wagons, spreaders, binders, mowers, etc. Has power enough on the belt to run smaller sized grain separators, silo fillers, corn shellers, etc. Will pump water, saw wood and run the cream separator or washing machine.

## OVER FIVE HUNDRED ATTENDING MEETING

Agricultural Clubs of Boys and Girls in Conference at Lafayette This Week.

WILL LAST FOUR DAYS.

Lafayette, Ind., April 21.—Agricultural clubs of boys and girls of the state came to Lafayette today to attend the four day "round up" to be on hand when registration was held today.

Ordinarily these meetings are held at the time of the Farmer's short Course at Purdue but the course was cancelled this year because of the influenza epidemic.

Practical demonstrations and lectures are to be given during the four days and those boys and girls who have made extraordinary successes in their farm clubs will tell the others how they did it.

## BIGGEST DOCK IN WORLD

London's Object to Regain Old Position as Premier Port

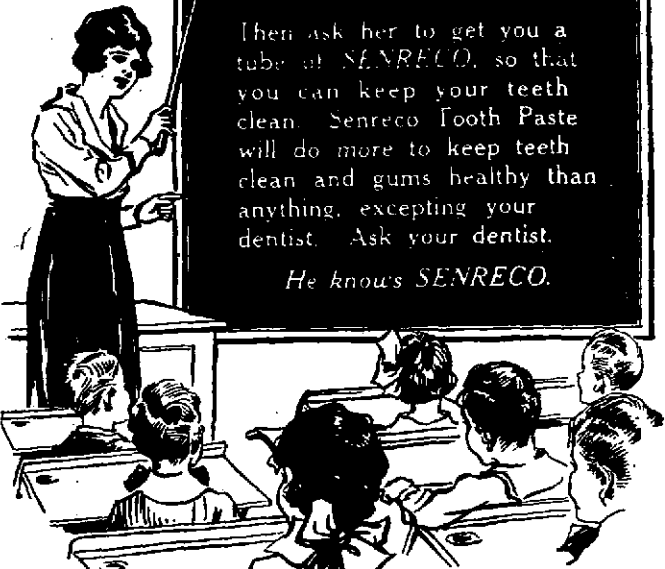

London, April 5. (By Mail.—With the object of regaining for London her former proud position as premier port of the world, a new and enormous dock, capable of accommodating the world's liners, is being constructed on the south side of the Royal Albert Docks. Its water area is to be 64 acres and by means of a floating caisson, its normal length is capable of extension to 910 feet—and large enough for a bigger boat than even the 868 foot Aquitania.

Many children are behind their class because of bad, unclean teeth.

Get mother to have your dentist examine your teeth and treat them if necessary.

Then ask her to get you a tube of SENRECO, so that you can keep your teeth clean. Senreco Tooth Paste will do more to keep teeth clean and gums healthy than anything, excepting your dentist. Ask your dentist.

He knows SENRECO.

## It's Travel--Satisfaction and Common Sense

It is altogether remarkable that any automobile should become famous for economy and usability on the one hand and equally famous on the other as the easiest riding car on the road—for the practical side of motoring seldom goes hand in hand with comfort and fitness. The FRANKLIN SEDAN gives unmatched economy, comfort and usability. They are all the result of common cause—the principles of AIR-COOLING, LIGHT WEIGHT and FLEXIBILITY. No other car combines these principles and for this reason, FRANKLIN records have stood unequalled for over 17 years. The FRANKLIN car keeps going when most other cars must stop. Ask for a test of FRANKLIN comfort, ease of handling, all-around usability on a poor road in this vicinity.
